CIVIC CENTER SITE —The Pacifica City Council has approved this property, donated to the city by Kenneth Royce, for siting of its new civic center complex. (Post Photo by Donna Starr)

Pacifica Decision

Donated Land Chosen As Civic Center Site

The Pacifica City Council, meeting jointly with members of the Chamber of Commerce board of directors, last Wednesday selected a site for its new civic center.

In a unanimous vote on a motion offered by Mayor Nick Gust, the council agreed to site its new municipal complex on the 7.4 acres along Fassler Drive, behind the Sea Bowl, donated by Kenneth Royce.

The council previously had accepted the donation, but had not yet selected a civic center site.

Royce's offer to dedicate the land hinged on at least three factors, it was explained: Selection of an architect, delineation of the area through survey and eventual construction of a civic center.

The Royce site is one of eight proposed since 1962.

Wherever the city chooses to build the complex, there must be ample space for construction of a facility that will be adequate for twenty to thirty years, civic leaders explained.

City Manager Bill Masonheimer, expressing his views on the subject, noted that civic centers in themselves don't seem to stimulate redevelopemnt of depressed areas.

"It just doesn't work this way," he declared.

Masonheimer said it is "better" to locate in areas that provide for new development, and that some consideration should be given to the aesthetic visual value as a focal point for the city.

This aesthetic value would be reflected, the city manager said, at tthe Fassler Avenue site.

Mayor Gust also pointed to his preference for the Royce property as a good civic center site, noting that he thought it could be made into an "outstanding developemint, a landmark of pride to the city."

Other comments from the council:

Harlan Minshew, who seemed to favor a Sharp Park setting, acknowledged "we must consider the benefit of the development of the surrounding area" and he wanted to know how much area there is to benefit along Fassler.

Grace McCarthy, indicating the municipal structure should be visible from the highway, said she doesn't want to settle for a flat,, level area when "we have so much spectacular view potential to develop."

The development of the Royce site would have to include the re-routing of Fassler Avenue—an action pushed by Royce during past discussions, but not mentioned this time.

Councilman Rck Wallis expressed a belief that even with grading costs, borne by the city, "we will still be far ahead financialiy" at the Royce site.

He endorsed the property as a city hall site, inasmuch as the "population center is here."

It was pointed out that the key to the cost factor is on the ingenuity of the architect.

VIETNAM 'HONOR ROLL' GIVEN

A Legionnaire's Questions

By WILL THOMAS

On the eve of Veterans' Day Pacifica American Legion Post 238 presented to City Council a Vietnam service honor roll and a plaque that listed the "deceased citizens of our community" in that war.

Legionnaire Don Neathery made the formal presentation Monday night following a "true story" that told of, in the 1200's AD, the defeat of the Chinese Sung Dynasty to the Mongols without conflict.

It was said to be, Neathery recounted in part, foolish for the people to leave their shops and fields and join the ranks of the Army, as sooner or later they "would be killed in spite of the Mongols' desire to protect them."

"Does the double talk sound familiar?" Neathery asked.

"This approach required endless patience, but it sabotaged the military strength of the Sung," the Legionnaire pointed out.

Resistance was made "futile and profitable."

"Are there any parallels today?" wondered Neathery.

Using this method, he said, "Many of the Mongols' campaigns were half over before any military action began."

And Neathery launched into criticism of "loud demonstrators" with the simple statement, "We now ask a few questions."

Among those questions:

—Who gives the loud demonstrators of today the right to imply they are the only ones for, or are unique in their desire for peace?

—Who gives them the right to imply that they are the only ones who feel there is a moral issue at stake? ("We find snobbery in this," declared Neathery.)

—Where do they get the idea that they are the only ones concerned and who cry when their young go off, or may have to go off?

—What makes them think that they are the only ones with a duty?

—Where do they get the idea they speak for the majority of us?

"These people," Neathery acknowledged, "have the right to think whatever they may want; certainly, they are concerned, but so are the rest of us."

The Post 238 representative went on to say, "We find it difficult to understand how some who are religious, and some who claim to be religious wear the peace symbol of today around their necks, when it is, in actuality, an upside-down broken cross, symbol of the anti-Christ groups of the middle ages."

Neathery added, "We find it difficult to understand how some of these people can chant in the streets, Ho-Ho-Ho Chi Minh with reverence for a bloody butcher who slaughtered two million North Vietnam Catholics after he took over when the French pulled out."

He also thought it "strange after retaking villages we find mass graves, such as the one found three months ago with 1,000 bodies and the last month with bodies of 400 civilians."

He asserted, "We find it strange that these concerned people would want to leave millions of people to a fate that already has been proven."

Neathery rapped those who "try to rule from the street," even after free elections.

Noting the demonstrators have the "right of dissent, and so do we," Neathery advanced that "we also have a duty to support the elected and our country's police until the people change the officials through elections."

He pondered:

"How many of us can say that everyone we wanted got into office in all the elections we voted in? However, we have faith in our form of government and in (our) own ability to make decisions."

Neathery pointed out that Hit-

BUT AMENDMENTS NEEDED

DC Favors Study Of Transit Extension To The Airport

By FRANK LaPIERRE

Daly City is expected to urge San Mateo County to move ahead on forming a joint powers venture with San Francisco and other agencies to study a proposed BARTD-type transit extension to International Airport.

First, however, Daly City insists several amendments be made in the agreement and assurances spelled out that if they cooperate in the study it will not give a green light to actually construct the extension.

The letter drafted by city manager Dave Rowe also suggests the proposed three member board be increased to either five or seven members in order to head off an imbalance of voting power in favor of BARTD.

With the additional votes, San Mateo County would have more "say" in what transpires, Rowe explained.

As proposed, the agreement would be a "self terminating venture" that would cease to exist once the study is completed.

No time limit was outlined, but airport architects are anxious to get the study under way inasmuch as they are now drafting plans for a new terminal structure at the airport.

Cost of the study alone is estimated at some $557,000 with the Federal government picking up two-thirds of the costs and the remainder falling on the agencies involved in the study.

No breakdowns in individual costs has been presented to date. Once the powers agreement is signed the new agency will be eligible to apply for federal funding.

Councilman Micheal DeBernardi pointed out that funding could possibly come from certain monies turned back to the county by the now-defunct West Bay Rapid Transit Authority last year.

"But there may be a problem," DeBernardi commented. "Southern cities may object to the use of this money in the north end of the county."

On October 27, 1969, representatives of the North County Council of Cities met with San Francisco representatives to review preliminary study plans drawn up by Wilbur Smith Associates and International Airport architects which would extend the rail system down the Penin-

HRC 'Discriminatory'

Coastside Real Estate Group Blasts Signs As 'An Insult'

The Pacifica Coastside Board of Realtors called "an insult" and discriminatory, a request from the County's Human Relations Commission that signs regarding the Fair Housing Act be posted in real estate offices.

John Geary, president of the group, Monday asked the City council to "reject this insult to the real estate profession and to the many dedicated people connected with the industry in other fields."

The council took no action.

Geary said, "If the Commission had requested that each and every place of business, every doctor's office, every lawyer's office, every store, every apartment house, every home rented by its owner post this sign, then the real estate profession could hardly claim discrimination, even though we might consider the request unreasonable.

"But to require only the real estate offices to display this sign, is in our opinion not only an insult, but there is some doubt as to its constitutionality."

He said a licensed real estate broker is "required by . . . law to serve any qualified applicant" and he is "well aware" of the law "requiring him to offer to sell, lease, rent or buy any property in his portfolio to any qualified person, regardless of race, color, creed or place of natural origin."

Geary said the Coastside Realtors he represented consider the request "just one more in a long list of harassments that the profession has been submitted to in the last few years."

City Attorney John Sherman suggested a letter of inquiry be sent to the district attorney's office to learn if the matter is a "legitimate subject for legislation" by the city.

Transit Study Is Endorsed In San Bruno

It's okay for the county and San Francisco to study proposed rapid transit routes through San Bruno, but the councilmen aren't sure they like the idea of a station built on San Felipe Avenue.

The $550,000 study, to be paid two-thirds by San Francisco, was explained by City Engr. Leo Van Dusen as an "extremely rough" exploration of four proposed methods of getting from San Francisco to the San Francisco International Airport.

The county, apparently as a courtesy to the city of San Bruno, asked for the city's position on the tudy and whether the city desired to have a local station near San Felipe Avenue.

Councilmen certainly were not opposed to the study, from which the county's contribution will be payed out of the former county rapid transit district funds.

They did balk at the possibility of a station near San Felipe Avenue.

"A stop at San Felipe is going to be nothing," said Councilman George Corey. "It should be near the downtown area."

Councilman Maurice Hamilton added that, "We'd better let them know early our preference on station location."

Although any action on their part did not commit them to back later or final routes the councilmen went on record in stating that "all possible locations for a station in San Bruno" should be taken into consideration.

Yuletime Toy Drive Starts In Daly City

The Daly City Fire Department, getting ready for its role in the community's "Operation Santa Claus," is urging citizens to take note of their "rolling stock" and to make arrangements early for pickup.

Battalion Chief Mel Hansen said the department is looking for usable items that it can repaired "without going overboard with a lot of expense."

"Rolling stock"—that's bikes, trikes, kiddie cars and wagons — can be picked up by firemen if persons will call the Central Fire Station on Lake Merced Blvd., Hansen said.

Other items may be dropped off at the station between now and Christmas, but the games and toys should be in working order and complete.

"A lot of stuff that people bring in," Hansen explained, "we just can't do anything with — broken, pieces missing — we just can't use them."

Talk About Indians!

A Heapum Good Deal For S. Bruno Palefaces

By BOB PETERSON

A bit of land bartering entered into Monday night by San Bruno councilmen would make the American Indians who recently offered San Francisco a minimum amount for Alcatraz Island mighty redfaced.

The deal in San Bruno, which also involves cash rather than trinkets, concerns property owned by the now-disbanding Consolidated Lands Company.

In the transaction, termed by Councilman George Corey as "One of the finest things happening to the city since I've been on the council," the city also will pack up three parcels in Crestmoor canyon now held by the state for freeway right-of-way.

Matter of fact no sooner had the agreement been reached between the councilmen and Ernest Giesch, representing the owners of Consolidated Lands, than Corey made a proposal.

He moved that the city's Crestmoor Canyon Committee be reactivated for the purpose of determining a master plan for the development of the Crestmoor Canyon area into a park and recreational area. The motion passed unanimously.

In a letter to the cuncilmen, Giesch outlined what he referred to as a "settlement" with the city that "shall constitute satisfaction in full of all contractual obligations owning to the city" by Consolidated, including any obligation for a park site in the so-called Plaza area.

Consolidated recently completed development of considerable property within the city, including the Crestmoor and Rollingwood areas.

During the various stages of development, the city naturally placed certain requirements on the developers, one of which was that they grant 10 acres of land to the city for a parksite.

In addition, part of the developing agreement was that such things as streets, parklands and water tanks would revert back to the original land owner if they ceased to be used for the purpose outlined.

As a result of completing development of the areas the firm ended with quite a bit of scattered open space. The developers wanted to give these buffer areas to the city in exchange for the promised parksite, plus cash.

In return the liquidating development company wanted to obtain from the city the properties intended for street use, but no longer used for that purpose.

The city said no dice. Some of these areas were sites of landslides in wet weather. Negotiations began. During several meetings the city held out for the Crestmoor Canyon area, which they sold to the state for

A City Hall 'Light Up' In South S.F.

The historic city hall of South San Francisco will be floodlighted for one week starting this Wednesday.

Residents and visitors from neighboring cities can see the building in a new light between dusk and dawn.

The building's location at Grand Avenue and Walnut permits it to be seen from many nearby areas and most major thoroughfares.

The lighting demonstration has been authorized by the South San Francisco City Council.

Pacific Gas and Electric Company, in cooperation with the City Beautification Committee, will make all arrangements for the floodlighting. Councilman Pat Ahern is chairman of the committee.

S. Bruno Plea For Navy To Keep Facility

Love for the Navy seems prevalent in San Bruno.

City councilmen, at least, feel the present Naval facility and personnel should stay put.

To assure this, councilmen Monday night adopted a resolution opposing its move to any other location.

The request, directed to Secretary of Defense Melvin Laird, also asked that the Naval Facility Engineering Command in San Bruno be expanded to include the South Western and North Western Divisions.

This action by the councilmen comes on the heels of an announcement made late last month by the Pentagon that an undetermined number of civilian and military jobs in the San Bruno Naval facility would be affected by a military cutback.

Olympic-Sized Plunge For D.C.'s Westmoor?

Westmoor High School in Daly City may have the honor of being one of the few schools in the Bay Area — indeed in all of Northern California — that can boast of an Olympic sized swimming pool.

And the date isn't that far off.

Monday night the Daly City council listened to a report by councilman Micheal DeBernardi on the progress made in construction of the $600,000 indoor-heated pool.

The cost, while seemingly high, includes interest on bonds, legal fees, architect and engineering costs and a raft of other charges expected to be encountere over the next 15 years.

Both the city and Jefferson Union High School District will take the plunge together in building the pool. Bonds can be sold without the vote of the people and they will be paid off in one of several ways, city attorney Albert Polonsky said.

The system seemingly favored by the council is the "60-40" agreement.

This would have the school district pay off 60 per cent of the annual rate and the city pay 40 per cent. In acutal dollars, it would mean some $26,000 per year for the city plus a share of the maintenance costs. Money would come from the sales tax fund.

The property where the pool is to be built is owned by the school district who would transfer it to the city with a subsequent transfer to the Joint Powers Agency.

Under laws governing joint ventures, the agency may issue bonds without going to a vote of the people.

BARTD Action Sought

sula from Daly City via Southern Pacific railroad rights-of-way, across a small section of privately-owned lands and to the airport proper along trolley line 40 still owned by San Francisco.

The formal study now being discussed would dig deeper into costs, engineering, right-of-way purchase, related factors.

Estimated cost of the line—without intermediate stations between Daly City and the airport — is $60 million. Another $30 million would be added for four stations along the route.

However, proponents of the extension see individual cities paying for their own stations—if they want them.

Mayor Bernard (Bud) Lycett said it was his understanding, after contacting several cities concerned with the extension, that they would not construct their own stations.

Mayor Lycett mentioned the fact that transit studies for the Bay Area were recently taken over by the Regional Planning Commission, relieving the Greater Highway Committte of this responsibility, and questioned whether this shift would affect the proposed BARTD extension.

Meanwhile, Daly City and BARTD officials were scheduled to sit down this week and hash out a final drafting of an agreement that would permit the transit district to begin construction of the terminus station on Knowles Avenue in Daly City.

Among some of the items the city wants included is the stipulation that the agreement will be solely for the terminus station construction and not for any extensions.

right-of-way. The state only used a small portion of this property for that purpose and recently notified the city that it could buy back the remainder for approximately $50,000.

The city accepted the option to buy. It will now use part of the $52,600 being paid to the city by Consolidated as a result of last night's agreement.

Consolidated said they would pay this amount, plus $7,610 of their money the city had received from the firm in 1956 toward a proposed community center.

The developing company also agreed to deed to the city, in fee, approximately 44 acres of slope lands, not including a portion of Bennington slope and a small portion of San Bruno Avenue slope at lower Crestmoor Drive.

The city also will be deeded, in fee by the firm, three access lots. The firm will retain for themselves a 25-foot-wide easement over the Bennington lot and along the portion of the Bennington slope the city did not accept.

In addition the city will receive deed to all streets, parks and other lands previously dedicated to Consolidated for public use.

In return, the city will convey eight parcels to Consolidated which are the result of abandonment or relocation of streets, as soon as they are available for reversion.

So, it would appear, on the surface anyhow, that San Bruno is the white man in this barter exchange. But then again, Giesch, like the Alcatraz Island Indian, appeared happy with the proposal.

Planner Remains At Post

Mrs. Virginia Jaeger, a Pacifican who is a reporter for a San Bruno newspaper, will remain a member of the Pacifica Planning Commission until she and the City Council agree the time for termination has arrived.

Mrs. Jaeger previously had indicated she would relinquish her planning post inasmuch as her son, Bob, had become a full-time employe of the City of Pacifica.

Under municipal rules in the coastal community, either Mrs. Jaeger or her son would have had to quit, inasmuch as the regulations do not permit relatives of commissioners to be employed by the city.

However, Mrs. Jaeger in the meantime wrote the city for clarification, and Monday night City Mgr. Bill Masonheimer related that Bob Jaeger remained only a temporary employe of the city, and would continue his employment on that basis until such time as his mother stepped down.

Mrs. Jaeger had indicated, according to Masonheimer, that she wanted to maintain her planning commission seat until a "couple of items" were cleared.

The City Council agreed to "continue" the matter; meaning, Mrs. Jaeger will not be giving up her seat just yet.

In other business, the Council:

—Heard Mayor Nick Gust proclaim November 23 as Terra Nova Band Day, when in an effort to "replace drastic cuts" in school budgets in its behalf the band will hold a pancake breakfast.

—Held over action, pending review of correspondence from State, on a request from the the North San Mateo County Sanitation District for the name of the Pacifica representative to the proposed Water Quality Advisory Committee.

—Held over action, pending review by the municipal employes' association, a proposed ordinance providing for declaration of holidays.

—Granted police patrolman Otis McGee, who has been seriously ill but improving, a leave of absence.

—Authorized drafting of a contract for computer services, in an effort to streamline the city's accounting system.

—Were reminded that a retirement dinner for fire Capt. Ed Girdler will be November 15 at Nick's Rockaway restaurant.

—Denied a claim for $30 from Fred Keith, who alleged the right front wheel of his vehicle was damaged when it struck a chuck hole on Sharp Park Road on October 4. The hole was described as a water company patch.

Burlingame Man Wins Grid Contest

Eugene Day, Burlingame, is the weekly winner of two tickets to the Stanford-California "Big Game" in The Times-Post football contest.

Day picked all games correctly except the tie game played between Oregon and Army. No other contestant picked as many as 14 winners in last weekend's games.

As a result of no contestant yet selecting all 15 winners in weekend football action, the contest jackpot has been increased to $450 this week.

Additionally, a $50 bonus will be paid to a cash prize winner who is a home delivered subscriber to The Times.

The contest deadline for this week is midnight, Thursday, November 13. Entries may be mailed to The Times or delivered to The Times-Post offices in Daly City or San Mateo.

Fire Truck Bid Accepted In Daly City

The P. E. Van Pelt Company of Oakdale, California was awarded a contract to supply the city of Daly City with an 85 foot aerial fire truck it was announced Monday.

Although the Seagrave Corporation was "low bidder" on the truck, city Purchaser R. G. Evans noted they made some 55 exceptions to the vehicle desired by the city and recommended the contract be awarded to Van Pelt.

American La France company offered the city $1,000 trade-in for two 1941 White pumpers in their bid of $138,024.60 (alternate B), while Van Pelt allowed $3,548.60 for the same trucks in outlining their bid of $130,548.60.

Seagrave's bid was $71,925.

However, a representative of the company informed fire chief Herbert Ritzmann that the truck being considered was actually only 75 foot high and a demonstrator model.

Juniors and seniors of both schools, interested in working on a part-time basis during the upcoming Christmas rush, will be given a concentrated course in sales-check writing, change making, cash register operation, sales approaches and customer service. These students will meet in their own time after the regular school day.

With the successful completion of the course, a special card will be issued to the student. "We sincerely urge all of our local merchants, needing Christmas help, to give priority to these students," stated Miss Martha Schifferli, sales training class instructor at South San Francisco High School.

Police Seek Hit-Run Suspect

San Bruno police today continue a search for a car that hit a 16-year-old Peninsula High School student at about 7 p.m. Monday and left her lying in the road at Sixth and San Bruno Avenues.

Elsie Borroyo, of 53 Buena Vista Avenue suffered a broken collarbone, bruises and possible head injuries. She was taken to Peninsula Hospital for emergency treatment and transferred to Kaiser Hospital.

What Was That Again?

Here's a twist. Avis rents — from the city of South San Francisco.

Councilmen on November 13 approved a recommendation of City Mgr. Tom McKenzie that the Avis Rent-a-Car Company be allowed to rent a piece of city property for $500 per year.

The land is a 25-by-140-foot parcel located on South Airport Boulevard near Marco Way. The lease is revocable by the city on 30 days notice.

Avis already leases another parcel from the city. This one for $750 a year, although it is two-thirds paved and has a building on it.

An Avis representative told the councilmen his company intended to landscape the newly rented parcel. He said improvements totaling nearly $12,000 are being made on Avis Properties.

School Tax Base May Be Shifted

The supertendent of the county schools disclosed last week that a statewide policy committee on which he serves was laying plans to transfer the funding of schools from a property tax basis to some other form of taxation such as a sales tax.

Dr. J. Russell Kent, told a meeting of the County Board of Education that the Statewide Policy Committee on School Financing was thinking in terms of drawing up a bill to get the tax switch before the legislature or petitioning for a referendum.

The committee, which includes members of the State Board of Education, and the State Department of Education, views the measure as an "equalization of opportunities" rather than a tax reform, according to the superentendent.

To illustrate, Dr. Kent used the example of the city of Millbrae. At present, the city's schools receive the benefit of property taxes on millions of dollars worth of industry in South San Francisco.

Under the statewide proposal, cities like Millbrae would not receive such a tax break, thus reducing the tax load on property owners who do not have industry nearby to lessen their tax load, he explained.

While the county supertendent said he was not at liberty to provide details of the proposal, he did indicate that the fund transfer involved would be about half a billion dollars.

He also said that eliminating a property tax to pay for schools would put the schools on a much more equitable basis competitively, in such areas as providing new programs.

In other business, the county superentendent reported that the trial date in the suit against the County Board of Education of Family Life Education had again been put back to November 28.

At that time, a determination will be made as to the nature of the trial, Dr. Kent indicated, and will not begin the trial itself.

New Concept Is Studied

A new concept involving a concrete structural system for low, medium and high rise buildings will be the main topic at the November 26 meeting of the South San Francisco Chamber of Commerce.

Guest speaker Robert Epley, senior vice president of Harvis Construction Company, will discuss "Foldorete." The patented system was co-invented by Bill Harr, president of Harvic, and architect Delp Johnson.

The chamber meeting will be held at the International Inn, 326 South Airport Boulevard, beginning at 11:45 a.m.

DEDICATED TO VETERANS — Admiring the monument to veterans that was dedicated in ceremonies on Tuesday morning in South San Francisco are from left Roy R. Ghilardi, representing American Legion Post 355; Anthony Valencia, of VFW Post 4103; city employe Francisco Cotroneo; and Mayor Frank Bertucelli. (Post Photo)

Policeman Is Injured

A Daly City policeman on patrol near the Cow Palace suffered a severe head injury Sunday when his patrol car was struck from behind by a private vehicle driven by a San Francisco policeman.

Officer James McHenry was driving on Geneva Avenue shortly after 10 p.m. when a car driven by Henry Branco, of Daly City, smashed into the rear of the patrol car as it slowed to check a vehicle parked on the side of the road.

Branco, en route to Potrero station for duty, was treated for a cut lip at Mary's Help Hospital where the pair was rushed following the accident.

Six stiches were required to close the laceration McHenry received in the collision.

Both cars were extensively damaged, investigators said.

Jefferson To Receive Funds

Jefferson High School will receive $33,269 in Elementary and Secondary Education Act funds for continuation of its compensatory education program this year, it was announced this week.

The grant is approximately $1,000 less than last year toward the remedial structure at the Daly City school, district administrators noted.

Pacificans In Freak Accident

Four Pacifica residents were injured Saturday night in a freakish auto collision on Coast Freeway in Pacifica.

Highway patrolmen said a sedan driven by John J. Kennedy, 53, of 164 McKinney Avenue, went out of control on Oceana Boulevard, which parallels the freeway, shot through a fence and flew onto the freeway where it was struck broadside by an auto driven by Vincent R. Garcia, 19, of 1567 Terra Nova Boulevard.

Officers said the accident was apparently caused by an unidentified motorist who failed to dim his headlights. Kennedy, an oiler, was driving northbound on Oceana when he encountered the bright lights on an oncoming car as he cleared a rise. He swerved to the right and put on his brakes. The car struck a curb and shot out of control. It went through the fence and flew through the air, landing on the Manor Drive off-ramp.

Investigators speculated that Kennedy struck his head and was knocked out with his foot jammed on the gas pedal. His sedan continued on and crossed the freeway where it was struck by Garcia's car, which was going southbound at about 65 miles an hour.

Both drivers and two passengers in Garcia's car, Marilyn Elizabeth Hassell, 15, of 1276 Galvez Street, and Charles S. Hughes, 20, of 12 Chico Court, were admitted to Mary's Help Hospital with multiple injuries. Hughes, who sustained multiple face lacerations and a broken leg, was transferred to Peninsula Hospital. Garcia, an airman stationed at Castle Air Force Base, was transferred to Letterman General Hospital.

Joint Meeting Of Teachers Produces Five 'Demands'

Five "demands" that resulted from a recent unusual joint meeting of two teacher organizations — Jefferson Union High School District Teachers' Association and American Federation of Teachers, Local 1481 — have been presented formally to the district's Negotiating Council.

Both organizations were represented on the Council for the first time when the Council meet this week, with JUHSDTA vice president Maryann Holden presiding as new Council president.

The proposals:

1—"That the Board of Trustees of the Jefferson Union High School District adopt a transfer policy which will effectively prevent the disruptions of student schedules and classwork which have seriously undermined the quality of education for many of the students in this district."

2—"That there shall be no further teacher transfers, staff reductions, or disruptions of the master schedule during the fall semester 1969; that any resignations shall be replaced by the hiring of new teachers."

3—"That any teacher transfers, staff reductions or disruptions of the master schedule being planned for the spring semester 1970, shall be agreed upon in writing by the school board and the Negotiating Council on or before January 17, 1970.

4—"That a November 14, 1969 deadline shall be established for the completion of negotiations and signing of an agreement on the adoption of the proposed JUHS District Assignment and Transfer Policy."

5—"That an April 30, 1970 deadline shall be established for the completion of negotiations and signing of an agreement on a policy limiting the size of all classes, including those presently covered by the District Class Size Policy."

The items concerning transfers were the result of recent administration action sending one teacher from each of Westmoor, Oceana and Terra Nova High Schools to Serramonte.

Supt. Edward Morgan explained the move as one necessary because student enrollments at Westmoor, Oceana and Terra Nova were less than that anticipated. Serramonte, using the same teacher pupil ratios, was short the required number of teachers, Morgan declared.

Results Of The Vote In North County

Results of county-wide district elections last week in San Mateo County are as follows:

Half Moon Bay Fire Protection, one elected — George M. Dunn, incumbent, 410; Loren Newton, 155.

Broadmoor Police Protection, two elected—Kevin M. McDonald, incumbent, 430; John F. McCloskey, Jr. 424; William J. Noonan, 322.

Granada Sanitary, three elected—Gerald R. Stauffer, incumbent, 145; Morris D. Bell, 123; Henry W. Dunn, 142; Jo Ann Leroux, 58; Florence Sents, 48.

North Coast County Water, three elected — Ralph Barkey, incumben., 1,709; Russell F. Conroy, incumbent, 1,750; Gino J. Ottonello, incumbnet, 1,507; Thomas H. Brennan, 409; Nick Gust, 483; Richard D. McLain, 705; Robert F. Sale, 448.

Westborough County Water (S.S.F.), three elected — Robert E. Berry, incumbent, 198;

County To Study DC Branch Courthouse

The possibility of building a new north county branch courthouse in Daly City as part of a long-range capital outlay program will be investigated by the county.

Robert B. Kst. Clair, chairman of the board of supervisors, said last week he had discussed the possibility of the new branch facility, which would include county governmental services, but not a new northern district municipal courtroom, with Daly City Mayor Bernard Lycett.

County Manager M. D. Tarshes said he and Henry P. Tarratt, county director of building construction and general services, have already been gathering "basic data" for the project.

Tarshes said he hopes to set up a schedule of priorities as part of a "long time capital improvement program."

St. Clair, after Supervisor James V. Fitzgerald cautioned that the county should not get itself into a position "where we have no funds," and he merely wants a "feasibility study."

Supervisor Jean Fassler said as each city has its own ideas, the county should set up a master plan of needs and a capital improvement budget. She pointed out Half Moon Bay wants a civic center.

Restitution Is Ordered For Victims

Eugene J. Callahan, 51, of 416 Miller Avenue, South San Francisco, was ordered Nov. 5 to pay restitution to a Daly City couple who lost their right legs in a traffic crash.

The amount of money to be paid to Roy and Patricia Beard of 6925 Mission Street, Daly City, was not specified. Superior Court Judge Conrad B. Reisch ordered that the details be worked out by Probation Officer R. T. Mallon.

Beard, however, had an idea on the subject which was reported to the court by Mallon:

"In a moment of insight Mr. Beard said in effect that it would be poetic justice if Mr. Callahan is required to pay him the money that Callahan would ordinarily spend over the bar each month."

Mr. and Mrs. Beard, both 41, were injured last December 17 when their motorcycle was struck by Callahan's car on Airport Boulevard in South San Francisco. Callahan, whose sedan was on the wrong side of the road, told investigators he was trying to get out of the way of the motorcycle.

Mallon reported that a chemical test revealed that Callahan had a blood-alcohol level that would have required the equivalent of 16 or 17 highballs, consumed over a two-hour period, to produce.

Callahan pleaded no contest to a felony drunk driving charge. Judge Reisch suspended a state prison sentence and placed Callahan, a retired Marine, on probation for five years. He was sentenced to eight months in county jail but recommended for the work furlough program so that he can be employed and undertake treatment for alcoholism.

Mallon noted that the present case is Callahan's third drunk driving offense since December of 1966.

All Three Doing Fine

Daly City policeman Dennis "Doc" Pinnatore was in fine spirits today following a rather hectic half hour Thursday while on patrol.

As is the custom, Pinnatore was dispatched to the home of Mrs. Abby Donow, 4312 Callan Boulevard, on a "routine" ambulance call.

The call turned out to be anything but routine when the newly-married officer arrived several minutes ahead of the ambulance to find Mrs. Donow in atlvanced labor.

Relying on his first-aid training and old late late show movies he had watched on television, where a member of the city's finest casually delivers a wailing baby with one hand while arresting crooks with other, Pinnatore aided the delivery of a healthy seven-pound, nine-ounce girl.

Both mother and child were reported in top condition Friday at Mary's Help Hospital.

Officer Pinnatore? He was home recovering.

Officer Has Few Close Moments

Daly City police officer Tom Reese had a few hairy moments November 4 as a car tampering suspect he was pursuing decided to drive down the wrong side of the Junipero Serra Freeway in an effort to evade him.

At times the chase topped speeds of 100 miles per hour, forcing oncoming cars to pull off the roadway to avoid a head-on collision with the pair of wrong-way Corrigans.

Finally, Reese pulled off the road after reaching the boundry line between San Francisco and Daly City. The car, stolen earlier from Thornhill Drive in Broadmoor, was recovered at a Nineteenth Avenue service station.

Police said the wild scramble started shortly after 1 a.m. as Daly City police answered an assistance call from Broadmoor on a car tampering case in progress.

As Reese arrived in the Thornhill Drive area — scene of the tampering complaint — he spotted a car speed away toward the freeway.

Uninvited Guests Are Surprised

A young San Bruno housewife returned from a brief shopping trip Thursday to find two uninvited guests in her house. The pair was arrested on suspicion of burglary.

Booked by San Bruno police were James Peter Coberly, 20, of Sacramento, and Duke Wayne Rundle, 18, of Las Vegas. Both had been at the home of Mrs. Rita Hollerback, 433 Mastick Avenue, earlier in the day selling magazines.

According to the police report, the suspects had sold the victim some magazine subscriptions. She then told the suspects she had to go shopping. They all left the house.

Police said that when the victim returned 15 minutes later she saw two men inside the house. A neighbor called the officers to the scene.

Entrance had been gained through an open bathroom window. Although nothing had been taken, police said property inside the house had been moved around.

Critical Shortage Of Water Warned

By FRANK LA PIERRE

San Mateo County must take positive action soon to offset what could be a critical water shortage within the next 30 years, members of the North County Council of Cities were told Thursday.

San Francisco does not have enough resources to continue supplying water to the Peninsula after the year 2000, according to San Carlos councilman Tom Jenkins.

Speaking before the group at Nick's Rockaway Restaurant in Pacifica, Jenkins outlined the history of the Bay Area Water Users' Association formed a decade ago to combat a proposed water rate hike.

He said the group has remained almost inactive until it was reactivated to meet proposed new water rate increases San Francisco is attempting to levy against San Mateo County cities.

During recent months the county has discussed the possibility of entering into a joint powers agency to deal with mounting water problems, including water facilities planning and rates.

Jenkins suggested the joint agency be made up of political figures rather than staff members.

"I'm suggesting this be a political vehicle to get talks going — not a staff vehicle," Jenkins said.

His reasons for this, it was indicated, was the fact that staff officials have no authority to set water rates and expend monies without getting the okay of the council.

The agency, as suggested at recent meetings throughout the county, would deal with wholesale — rather than retail — water.

Jenkins said Mayor Joseph Alioto of San Francisco and other officials of that city look with favor on the proposed joint powers agency.

"This way they can deal with one body, instead of contacting each individual city," he said.

In concluding his presentation to the council, Jenkins said, "We have a common problem. The question is: How to get the plan moving."

Those attending the meeting agreed the agency was needed, but had reservations on some of the technical and legal language used in its formation.

Daly City Mayor Bernard (Bud) Lycett was vitally interested in the voting capacity of each body joining the agency — who would get how many votes

"This is important to me," Lycett said.

"Would a member who represents a small population get the same amount of votes as a large city?" Lycett asked.

The "problem" with the joint powers agreement was "one of words," Lycett pointed out.

And most members indicated they want to get the wording straightened out before signing the agreement.

Jenkins recommended the councils get the framework of the agency formed, then set up the rules as they move along.

Pacifica City Atty. John Sherman allowed "San Francisco has us by the nose" on the water situation and asked if Jenkins would meet with other city attorneys in the immediate future to smooth out the wording before again presenting it to their councils.

No date was set for the meeting.

Man Held In Robbery Of Market

A bold daylight robbery in San Bruno ended abruptly on Friday when Officer James Chappell and Detective Sgt. Hugh Fraser came upon the scene.

The officers arrested Donald Dietrich Gunther, 33, who gave his address as 744 Larch Avenue, South San Francisco, at Alef's Market, 1019 San Mateo Avenue, at about 2 p.m.

Alfred Alef, owner of the store, gave this account prior to the appearance of the officers.

A man entered the store and asked for beer. Alef said it could be found in the rear of the market. The man went to the beer compartment, and Alef stayed in the front section of the store.

The man, however, apparently wanted individual help and asked for Eastern beer and eventually a specific kind of beer. Alef went to the cooler and produced the desired brew.

The men then went to the front of the store, Alef going behind the counter to the cash register. The man followed, and produced a pistol, later identified as a .38 caliber revolver.

He ordered Alef to take the money from two cash registers, each, incidentally, containing a marked $20 bill, and then ordered Alef to open a safe, which contained some change.

When satisfied that he had obtained all the cash he could get, the man ordered Alef to the rear of the store, saying, "Do as I tell you and you won't get hurt."

It was at about this point that the police officers entered the market on routine patrol.

"When we found no one inside the store," said Officer Chappell, "We hollered. The suspect stepped into the back doorway and Mr. Alef shouted, "He just robbed me!"

The officers, holding the suspect at gunpoint, told him to lie down on the floor. The suspect was then handcuffed. After helping the suspect to his feet, the officers found a cocked .38 caliber revolver lying on the floor where the suspect had been.

More than $300 in currency and coin, plus narcotic paraphernalia, was found on the suspect's person.

Bruno Plans Block Parents

A determined drive is well under way to include every section of the city of San Bruno in the block parent program.

Frank Cook, juvenile officer with the police department, met with the San Bruno Park School District P-TA Coordinating Committee last Thursday to lay ground rules.

The executive board decided that each P-TA will appoint a block parent chairman. As part of routine procedure, these names will be screened by Cook.

These chairmen will then send out information regarding application as block parents and the duty requirements.

Among the rules laid down by the police are that:

No individual is to call an ambulance. They are to call the police who will call an ambulance.

No one is to render any aid to a youth, except to stop severe bleeding.

"The block parents' purpose is primarily to offer a place of refuge," said Cook. "The police department acts only as a liaison. All correlation is done by the P-TA."

At the present time, two areas of the city, Pacific Heights and Portola Highlands, have the only block parent program in San Bruno.

The juvenile officer noted that the repeated incidents of kidnaping, plus the Zodiac scare, is making the block parent program more necessary.

South S.F.'s Kauffmann Is Honored

South San Francisco's Chamber of Commerce recently honored Ed Kauffmann, 559 Commercial Avenues, as its oldest active member at a general membership dinner meeting.

Kaufmann, former City Treasurer, received a California Bicentennial Medallion and a special Certificate signed by Governor Ronald Regan, Lieutenant-Governor Ed Reinecke, as well as Mrs. A. M. G. Russell, Chairman and Charles W. Skolen, Jr., Executive Director of the State Commission on Aging, as well as President Walter W. McRae representing the Chamber.

The "Oldest Active Member" idea originated with Mr. Skolen.

WHIST PARTY

San Bruno Women's Club will hold a whist party Wednesday, November 12 at 8 p.m. at old Firemen's Hall on San Mateo Avenue, San Bruno. Refreshments will be served.

First Annexation Steps In S.S.F.

First step in a dual annexation of 20,000 square feet of land has been initiated by South San Francisco.

Land owned by the San Bruno Park School District is being exchanged for a like-size piece of property within the limits of South San Francisco near Carl Sandberg school.

Exchange of the properties has been approved by the Local Agency Formation Commission.

City councilmen merely had a first reading on an ordinance granting the exchange between the school district and BMT developers, who plan to extend Gellert Boulevard in South San Francisco.

In other action, the councilmen:

Authorized the purchase of five police cars, three black-and-white patrol cars and two unmarked vehicles. Volonte Motors, 616 Linden Avenue, South San Francisco was the low bidder for the three patrol vehicles at $6,797.50. The two unmarked cars contract was awarded to Arata Pontiac, 99 Linden Avenue, South San Francisco, for $5,293.48.

Okayed the issuance of a purchase order to Gribaldo, Jones and Associates for soils engineering services in the Westborough Boulevard improvement at an estimated cost of $7,500.

Continued the public hearing of the appeal from a use permit by William Botieff for construction of an 18-unit dwelling on Camarita Avenue.

Awarded the contract for corporation yard reconstruction to Joe E. Eberle in the amount of $2,380.

Gave the contract for installation of the El Camino Real underground fire alarm system to Bergesen Electric, Inc., in the amount of $12,195.

Made the L. C. Smith Company the contractors for Westborough Boulevard improvement from Junipero Serra Boulevard to Skyline Boulevard in the amount of $359,865.49.

Proclaimed November 9 as Danny Thomas Teen-agers March Day.

Bruno Scout Wins Award

The nation's largest youth organization, the Boy Scouts of America, has cited 154 boys and leaders for heroism and a San Bruno Explorer has been singled out for recognition.

He is James Allen Harrington, age 15, son of Mr. and Mrs. Robert L. Harrington who live at 731 Santa Lucia, San Bruno. Harrington has been selected to receive the Medal of Merit by the Boy Scouts' National Court of Honor, for heroic action on July 31, 1968.

His quick action in giving mouth-to-mouth resuscitation helped to save the life of Robert Sandin, age 8.

In announcing the award, Tom Moore, Scout executive said that "This is Scouting in action . . . a graphic demonstration of how the lifesaving and preparedness training of the Boy Scouts pay off when emergencies arise. We teach boys to think and do things for themselves reinforcing a boy's natural courage with skill and knowledge of how to handle himself in emergencies. The heroic feat of young Harrington reflects this training. His courageous act was in the highest traditions of scouting."

The complete text of the citation reads: "Life Scout James Allen Harrington, 15, went to the aid of a mother frantically and unsuccessfully trying to revive her suffocating son, Robert Sandin, 8, on a lawn in San Bruno, California, on July 31, 1968. Mrs. Sandin had been driving her car when she suddenly noted that Robert was unconscious. She stopped the car, carried Robert to a nearby lawn and attempted artificial respiration, interrupting her work to scream for help. James responded from 100 yards away and took command of the situation, checking the boy's throat for foreign matter and then giving mouth-to-mouth resuscitation for about three minutes until Robert began breathing. Firemen arrived to continue resuscitation mechanically, and Robert, whose condition was due to a medical problem, recovered. James used his scout skills calmly and most effectively."

Blaze Damages S. Bruno Home

Flame in a fireplace flicked through cracked brick and ignited wood framing, causing an estimated $1500 damage to the Sam Russo home in San Bruno Thursday.

A San Bruno fire department official said the Russo family observed smoke coming from the walls around the fireplace of their home at 2240 Evergreen, shortly after 11:30 p.m.

At first, smoke is all firemen saw when they arrived, but further investigation led to a small burned spot on the living room carpet (the owners had noted it earlier but thought it merely to be a cigarette ash burn, firemen said), where flame had begun to burn through wood moulding below the sheetrock room.

Firemen tore out portions of the wall around the fireplace, since flames had burned up the walls to the ceiling and beneath the fireplace into the flooring.

A fire unit returned to the Rollingswood region residence about 2:30 a.m. today to check on the home, but no further spread was noted.

Group Show At Pacifica Art Gallery

A special group show featuring three artists may be seen through November 16 at Periwinkle Art Gallery, 303 San Pedro, Pacifica.

Donna Waldren, a Pacifica resident for several years, who refers to herself as a "student of life" rather than an "artist," captures moods and feelings in drawings such as strong, upraised hands demanding "Now" or in the face and posture of a quiet girl clutching her blanket.

Lithographs and serigraphs by Ronal Pereira also are part of the exhibit. Pereira is attending California State College at Long Beach and working as graduate assistant at the fine arts gallery. Before majoring in art, Ron studied to be a veterinarian. Some of his prints display an artistic blending of biology with design—abstractions of zebras, birds and other animals.

Ruth Stege, another Pacifica resident, has been using acrylics and lacquers to obtain paintings with rich textures and vibrant colors.

The theme of "people" runs through many of Ruth's paintings. Some works have faces, reflective or humorous . . . others have loose figures of human forms dancing, running, chasing, but continually moving.

Another special attraction this month is a black light room with a foam rubber floor covering. The light transforms colors on clothing and some paintings.

COLMA SOCIAL — Holy Angels Women's Guild and the Men's Club will sponsor a social November 15 in the parish hall, 107 San Pedro Road, Colma. Mrs. Les O'Callaghan (left) and Mrs. Joseph Dillon are co-chairmen of the event that will feature a cocktail hour at 8 p.m., dancing at and buffet at 10.

TERRA NOVA TOPICS . . .

By Alice Reichert

The end of the first quarter seems more or less a sign of the close of the beginning-of-the-school-year.

Routine has taken over, and class rescheduling and the rest of the chaos of starting school is almost over.

School spirit and activities are in full swing (and, I might add, spirit and participation are better this year than I as a senior, have ever seen them). Clubs are pretty well on their feet, and planned the year's major activities. The teachers know their students and, oh boy, do the students know their teachers!

QUARTER FINALS BEGIN, and all back assignments are due in order to complete the grades. Freshmen are for the first time learning what the eighth grade teachers meant when they said that high school was different.

(Wait until they find out that semester grades are mailed home!)

Seniors are really pushing the grades, the college board tests, and the applications; by Christmas, all the work is done, and the waiting begins for loans, for scholarships, and for acceptance.

And almost in the final breath of a tough exam, the lectures begin about starting anew, and making the semester grade a good one.

Second quarter resolutions are made, but those who really don't care much for school have already caught apathy, a disease characterized by sleeping in class, hating all the teachers, knowing Mr. Burt (the assistant principal) real well, and habitually cutting class9 Apathy usually remains in those affected from now on until the last half of the last quarter, which brings about a new energy to get those grades up to passing.

FOR TERRA NOVA, the end of this quarter also means that it's time to get that anchor back from Oceana! Celebrating Homecoming at the same time makes the TN victory even a more spirited and welcome one.

NELL NORTON (Sugar 'n Spice)

Good morning, good cooks.

Today is variety day in Sugar and Spice. Recently we've featured columns devoted to one type of recipe — and I thought you good cooks might like to read about and try a variety of recipes.

We'll start off with a delicious meat loaf. This recipe comes from a cookbook put out by the Mother's Guild of St. Raphael's School in San Raphael.

GLAZED MEAT LOAF

Two-thirds cup oatmeal
1 cup milk
2 eggs
1½ pounds ground beef
½ cup minced onion
1½ teaspoons salt
½ teaspoon sage
3 Tablespoons brown sugar
4 Tablespoons catsup
¼ teaspoon nutmeg
½ teaspoon dry mustard

Soak the two-thirds cup oatmeal in the cup of milk; add the two eggs, one and one-half pounds ground beef, half cup minced onion, one and one-half teaspoons salt, and half teaspoon sage. Mix. Pack lightly in a loaf pan.

Combine the three tablespoons brown sugar, four tablespoons catsup, one-fourth teaspoon nutmeg and half teaspoon dry mustard. Pour over the meatloaf. Bake in 350-degree oven for one hour.

Zucchini is a very popular vegetable.

It is so adaptable, it boils, bakes, fries and is delicious raw. Plus that it combines with other vegetables to make a delicious dish. As you will find if you make up this next recipe.

ZUCCHINI MEDLEY

¼ cup butter or margarine
4 cups sliced, unpared zucchini
½ cup chopped onion
1 package frozen corn whole kernel
One-third cup chopped green pepper
½ teaspoon salt

Melt the ¼ cup of butter in a skillet. Add the four cups sliced zucchini, one-half cup chopped onion, package whole kernel corn, one-third cup chopped green pepper and sprinkle with the half teaspoon salt. Cover and cook, stirring occasionally about 15 minutes. Make 4 to 6 servings.

A molded salad adds color and interest to any meal.

This next salad combines fresh fruit and wine to make a very tasty and attractive mold.

ROSY FRUIT MOLD

1 package raspberry gelatin
1 cup hot water
1 can crushed pineapple (8¼ oz.)
One-third cup pink chablis wine
2 Tablespoons lemon juice
dash of salt
1 banana
1 pear

Dissolve the package of raspberry gelatin in the cup of hot water. Stirring until all the gelatin is dissolved. Stir in the can of undrained pineapple, one-third cup wine, two tablespoons lemon juice and dash of salt. Cool until slightly thickened. Slice the banana and dice the pear and fold into the thickened gelatin. Spoon into molds and chill until firm.

Unmold and serve on lettuce with a dressing of mayonaise with a bit of pineapple juice added.

This dessert is wonderful.

It's rich and tastes as good as it looks. My own experience was that guests and family loved it. (What more can you ask of a dessert?)

You may wonder at the 90 vanilla wafers. It is nearly a whole box, but not a whole box, and I could think of no better way to indicate that than to count them as I prepared the dessert.

REFRIGERATOR DESSERT

90 vanilla wafers, ground

PART I

½ cup butter
1 cup powdered sugar
3 eggs, separated
1 teaspoon rum extract
1 cup slivered almonds

PART II

½ cup cocoa
¼ cup boiling water
1 cup powdered sugar
3 eggs, separated
1 teaspoon vanilla

Grind the wafers and separate into three parts.

PART I: Cream the half cup butter and the cup of powdered sugar. Add the three well beaten egg yolks, one teaspoon rum extract and cup of slivered almonds. Beat the egg whites until stiff and add.

In a buttered 9x9x2-inch pan place one-third of the wafer crumbs. Pour in Part 1 mixture. Top with second layer of crumbs.

PART II: Mix the half cup cocoa with the one-fourth cup boiling water. (This will be quite thick, don't panic, it changes as you add the rest of the ingredients.) Next add the three beaten egg yolks, the cup of powdered sugar and the teaspoon of vanilla. Lastly fold in the three stiffly beaten egg whites. Pour this mixture over the layer of vanilla wafers and top with the last third of wafer crumbs.

Cover with foil and refrigerate from 24 to 48 hours. Serves 10.

The two twittering girls from upstairs — Gwendolyn and Cecily Pigeon, portrayed by Robin Athens and Susan Bryant — serve as foils to point up the humor.

Oscar's poker-playing friends are "Speed," played by Frank Williamson; "Murray," played by Dan Harvey; Rich Kloor as "Roy"; and Rich Krawetz as "Vinnie."

A Golden Anniversary Celebration

Mr. and Mrs. Peter Stamatis were honored on their fiftieth wedding anniversary at a dinner at Bertolucci's given by their children and their spouses, Mr. and Mrs. Frank Lambertson and Mr. and Mrs. Joseph Stamatis of South San Francisco.

Mr. and Mrs. Stamatis were married on October 25, 1919, at St. Elizabeth's Church in San Francisco. Mrs. Stamatis, who was born in San Francisco, is the daughter of Joseph Gregoire, a pioneer San Francisco florist. Her brothers are still active in the wholesale flower industry in San Francisco, and Mrs. Stamatis was in the floral business for more than 50 years.

Stamatis was born in Tragano, Patras, Greece, and came to the United States when he was 16 years old. After living in the East and middle west, he came to San Francisco in 1915 where he was employed as a motorman. He was a special police officer for the wholesale flower market in San Francisco for 15 years and is now retired from that job.

The San Mateo County Citizens Council for Drug Abuse will present a program to the community on November 20, at 8 p.m., in the multi-use room at Franklin D. Roosevelt school located at 1200 Skyline Drive, Daly City.

The program will include a speaker and a question and answer period where the audience may ask any questions relating to drugs and drug abuse.

A highlight of the program will be the showing of a brand new film, "The Ballad of Mary Jane." This film has just been completed so it will be very up to date with all the latest knowledge and research in cause and effects of drugs going into the making of it.

The PTA bulletin board will be filled with information on drug problems and there will be many pamphlets available for the audience to take home.

Franklin D. Roosevelt's PTA is extending an invitation to all interest and concerned persons in the community to attend. Because of the extraordinary interest shown in last year's program which culminated in a committee of interested parents being formed to study drug abuse in depth, the PTA decided to sponsor this program this year.

2nd NAACP Meeting Set In Daly City

The second meeting of the Daly City Chapter of the NAACP will be held at the Second Baptist Church, 5 Wellington on November 16 at 4 p.m.

An Executive Board meeting will precede the general membership meeting.

"We still have a lot of organizational work to do," says Mrs. Madge Bradstreet, president of the group. "We have to set up a program which will be for the benefit of the people of Daly City."

Mrs. Bradstreet noted that she expected the membership total for the organization to reach over the 100 mark soon. "We needed 50 to get our charter and we had that a month ago. We're continuing to get more new members all the time."

The three concerns which most interest the local organization are jobs, housing and schools. Mrs. Bradstreet expects to set up special committees on these three problems.

MRS. VIVIAN SMITH AND ROBERT E. MULLER

Muller and Mrs. Smith will talk about the programs at the school and district libraries. They will also discuss the parents' role in encouraging book reading.

A list of children's books will be distributed to aid in gift giving. Compiled by the librarian, it will be made up of both paperback and hard cover books.

There will be a book display of children's and adults' books.

Life Magazine Story Includes Rudolfo's

Not many restaurants can boast they were in Life Magazine, but **Rudolfo's Steak House** in Palo Alto can. When **Bob McKee** of Palo Alto and other heart transplant patients met to organize a club, they were guests at a steak dinner sponsored by **Art, Harry** and **George Alfinito**, owners of Rudolfos. Life Magazine was there to take pictures of the men as they dined. After wards, the jovial men gathered around the piano bar at Rudolfo's to sing "You Gotto Have Heart" and "Miles and Miles of Heart." . . . The **Holiday Inn** in South San Francisco, a **Fred** and **Jerry Papp** production, features a Las Vegas atmosphere in which outstanding cuisine may be enjoyed, plus the talented **Suzie Gilner** at the piano bar. Make it a date for this weekend. . . . Every diner at the posh **Shirt Tail** in Palo Alto receives an individual loaf of bread, freshly baked in their ovens. Other unusual glamour touches are a chilled salad fork presented on a tray, and wine which can be ordered by the individual carafe from the quaint wine bar. **Roger Schilling** and **Durby Adkins** are the genial manager-hosts.

Art Alfinito

PAPAGAYO RESTAURANT TEAM — Katharine and Al Williams (he's the personable restaurateur who made the Papagayo Room name famous) are in charge of Nick's Gust's new Rockaway Beach restaurant of the same name. Located on the lower level of Nick's nautical Moonraker, Al Williams' Papagayo Room is open Wednesday through Sunday from 4 p.m.serving Mexican food in the Williams tradition.

Lucien, the "Last of the Redhot Papas," was feted by show business friends at a big party in San Rafael, recently, to celebrate his 45 years in show business —the last 20 of which have been at **Finocchio's** as the show topper. His quips and jibes with the audiences are now legendary, and a far cry from the start of his career, when he was a boy soprano with a religious choir in New York . . . **Lori's** in Redwood City is now featuring a Sunday jam session, with the **"Shades of Sound"** taking over the spotlight from 5 p.m. to 9 p.m. Join the gang for fun, dinner and dancing . . . There is no doubt that **Margie Brandon** is the program director at **Baron's Cocktail Lounge** in San Francisco. "Little Miss Happiness," as Margie is affectionately known, used to be a college cheerleader and now leads everyone in songs at the organ bar. She tells everyone to begin and end at the same time. If you plan to do a solo, you can bet your last drinking dollar that Margie will hold a sign up which reads, "Applause," when you're finished. . . .

In case you're wondering where **Theresa** and **Bud Urban** spend their summer months (they're co-owners of **Scotty Campbell's** restaurant in Redwood City, along with **Mary Lou Francis**), they may be found in Nippersink Manor, Genoa City, Wisconsin, where they operate a very popular resort, complete with 18-hole golf course and all the vacation extras. As of this writing, Theresa and Bud should be enroute to their local restaurant scene — and your **Bright Lighter** is looking forward to welcoming them home . . . **Foster's Pancake House** in San Mateo is clicking big with the special dinner for our Senior Citizens. Served Monday through Friday from 1.30 p.m. to 6 p.m., the complete dinner, with entrees changed daily, is a $1.25 bonanza. . . . Polish Sausage (broiled), Jumbo Shrimp, and New York Steak Sandwiches, as well as heaping hamburgers, are "bright lights" on the **Safari** restaurant menu. When they say they're famous for hamburgers, you better believe it! Home made pies also a specialty here . . . Before planning your holiday reservations, it would be a good idea to check out the **Villa Hotel's** many banquet "goodies." The conveniently located hotel has gone ahead this past year in leaps and bounds, and they offer more "packages" than Santa Claus.

Dinner Of The Month Scheduled Nov. 17-19

Sumptuous Chinese epicurean dinners designed to introduce new tastes and dishes to the American palate will again be given at moderate prices at the **Golden Pavilion** restaurants. The next "Dinner-of-the-Month" will be at the Los Altos restaurant November 17 and in San Francisco November 19. Owner-host **George Chow** is introducing a new horizon of Oriental food never before available in the Western Hemisphere at these regular events . . . **Bruno Fava**, happy Italian host of **Bruno's** downtown restaurant, celebrated his third anniversary in San Mateo, last week, with an invitational dinner. The place was packed throughout the evening with guests enjoying Polenta and Chicken or Bruno's special sausage dinner . . . The Domino Club in San Francisco recently hosted a total of 1200 guests in the private cocktail facilities. Some of San Francisco's largest companies are discovering that the Domino's policy of not charging for bartenders, hors d'oeuvres or the room is a real bargain — one not to be overlooked.

In addition to all those fine pizzas served by **Enrico Romano, Romano's** at Rockaway Beach, Pacifica, specializes in standard **Italian dinners, ranging from the very best of spaghetti to veal** dishes supreme . . . The word "quality" covers a multitude of space at the **Lamp Post Steak House** in San Mateo — and it includes the food, decor and the way the restaurant is operated, from kitchen to parking lot . . . For an evening of delightful dining, **Tino's** European restaurant offers the unusual in French-Italian cuisine. The dining room is small and intimate, the portions are large and varied . . . **Rancho Black Rock**, South Lake Tahoe, affords kitchens for vacationists who prefer to prepare their own meals . . . No lull in business at **Luz Garcia's Sinaloa** cantina. This North Beach fun spot is wall-to-wall with the local set and tourists . . . The **Hyatt Coffee Shoppe** on Delaware Street, just off Nineteenth Avenue in San Mateo, is featuring "Early Bird Dinners," which include soup or salad, vegetable, hot roll and butter, plus ice cream, sherbet or jello and coffee or tea. It's a big order at a budget price.

If you're planning an evening in San Francisco, **Phil Lehr's Steakery** is a good bet. Park your car in the big Ellis and Taylor lot adjoining Lehr's Carriage Entrance. After dinner at the Steakery, it's just a short, pleasant walk to the Geary Theater, where "Hair" is playing six nights a week, or 12 other theaters . . . After typing a few hours, Wednesday night, your **Bright Lighter** got the yen for one of **Vince Licata's** man-sized hamburgers. Served on French bread with a side of French fried potatoes, this sizeable appetite satisfier will put new spring into your step . . . During an evening on the town, give a look-see and dine out at **Mr. G's Steak House** in Daly City. Entertainment by **Frank Day** at the organ, Tuesday through Saturday, while you relax over cocktails; lunches and dinners, plus banquet accommodations for 10 to 200 persons . . . Although considered a seafood specialty house, **A. Sabella's** on San Francisco's Fisherman's Wharf serves steaks, chops and chicken prepared in many different ways. All menu items are a la carte.

Awards For Cap Band At Merced

Curt Lasher and Becky Heuton of the Capuchino Band were judged to be the best drum major and best solo majorette in competition against 51 high school bands in the Merced Central California Band Review recently.

These top honor awards were gold trophies for their school and individual gold medals for the winners.

The Capuchino Band was awarded a first-place trophy for their division based on school enrol'ment. These trophies are based on points awarded for music, marching and general effect. Musical selections must be made from a list provided by the band review.

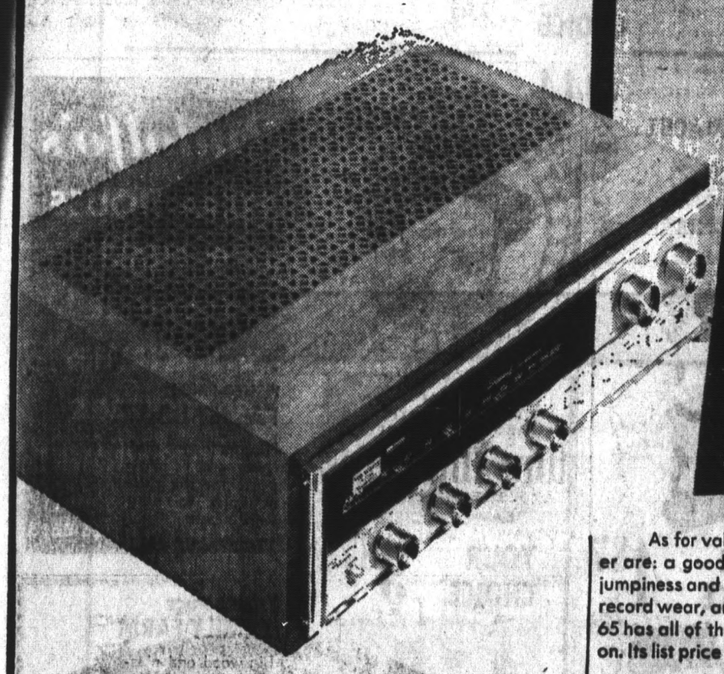
Fifty-one bands competed in the Central California Band Review, making it the largest band review in the history of the contest. A total of 4,718 musicians from Los Angeles County to the Sierras made the mile-long march past the reviewing stand where Col. Nathan J. Hirsch, base commander at Castle Air Force Base, was the reviewing officer.

Capuchino Band is directed by Ralph Bredenberg, assisted by Harry Spencer.

A Thing Of Beauty Is A Joy...

AMONG 10 NATIONAL first prize winners for highway beautification was the Cabrillo Freeway bridge at the Interstate 280 interchange. In competition sponsored by the U.S. Department of Transportation's Federal Highway Administration, California captured five of the first places in the 10 categories.

HERE IT IS!



Pacific Stereo is offering, until the supply runs out, a super value in a stereo component music system. This week's system is not only perfectly matched and balanced, but the price is lower than that of any comparable system we've ever advertised.

The Sherwood S-8600a is a great FM stereo receiver! It's 125 watts (plus or minus one db.). What's especially good about the Sherwood S-8600a is the way it has with speakers. It's not just that it has enough power; it's the S-8600a's design. Speakers sound better hooked up to the Sherwood than they do on comparably powered units. The bass seems tighter and the highs more open and airy. If it's the true sound of music you're after, you get it from Sherwood.

You also get the true sound of FM stereo. The tuner is sensitive (1.8 microvolts) and highly selective (55db.). It's not only in keeping with Sherwood's reputation for fine tuners but more important than reputations is the ability to pull in exactly what you want to hear as clean as a whistle.

The Sherwood 8600a is a flexible control center. It has bass and treble controls, and all tape recording functions. It has a front panel "hush" adjustment which cuts out the noise between FM stations when you tune (a very important feature). And the "hush" is adjustable so you don't lose weak stations. It has switchable loudness contouring which makes low listening levels appealing when you want to talk as well as listen.

It has a front panel headphone jack for when you don't want to disturb others or for when you just want to be alone. And it has provision for hooking up another pair of stereo speakers and another mono speaker for music everywhere. The list price of this excellent receiver is $319.50. (walnut case optional)

The Sherwood receiver is covered by Pacific's exclusive five year guarantee in addition to Sherwood's. At each Pacific store is a fully equipped service facility. If repairs are ever needed, you get prompt hassle-free service at the store where you buy your system. Under Pacific's guarantee, parts and labor for the 8600a are covered for 2 full years and you won't have to wait 2 years to get it fixed. Parts are covered for five years.

As for value, the Garrard SL-65 is hard to match. The things to look for in a record-player are: a good motor and substantial platter for speed constancy, a balanced arm for non-jumpiness and uniform tracking pressure throughout a stack of records, anti-skate for reduced record wear, and cueing so you never have to fumble with putting the arm on a record. The SL-65 has all of these plus a motor that doesn't care what appliances you or your neighbors turn on. Its list price of $79.50 is nothing short of awfully low. (base optional)

A good phono cartridge is essential for truth in music reproduction. In a recent survey, the Grado BTR. was ranked among the top three cartridges available. The Grado FCR which comes with this system is the same cartridge with more rigorous quality control applied to it. List price $25.00

At Pacific the Grado cartridge is installed in the SL-65 at no charge to you. Then it's set for proper tracking and minimum record wear. The entire unit, record-player and cartridge is checked out before it leaves, as is all your equipment. It'll work like it should when you get it home.

AR-4x speakers have never been equalled in terms of musical accuracy and critical acclaim at a price which is hard to believe. Each oiled walnut cabinet contains an 8" acoustic suspension bass speaker and a 2½" treble speaker. Neither the size nor the price is any index of these speakers abilities. A pair lists for $126.06.

The AR-4x speakers are covered by Pacific's five year guarantee and Pacific's one year speaker exchange applies to them as well. If you decide to go to larger speakers, for one year, you get exactly what you paid for the AR-4x' in trade toward the larger speakers.

The total list price of the system is $551.00. You save $181.05 off regular list price but more importantly, you save $72.05 off Pacific's regular discount prices. In case you didn't know, Pacific discounts almost all the equipment we sell, and all our advertised systems are at prices substantially lower than our normally low discount prices. The price includes all connecting wire and cable and Pacific's five year guarantee in writing.

At Pacific, you can buy this system in several ways. You can, of course, pay cash for it, but we can also arrange for monthly payments. We accept Mastercharge or BankAmericard if you have them. And, if you put a deposit on this system, we'll put it on lay-a-way and protect the merchandise and price for you. If you like, you can use your present components as part of the payment. Ask your salesman to check the H.A.L.B. "blue book" for the exact trade-in value of your present set-up.

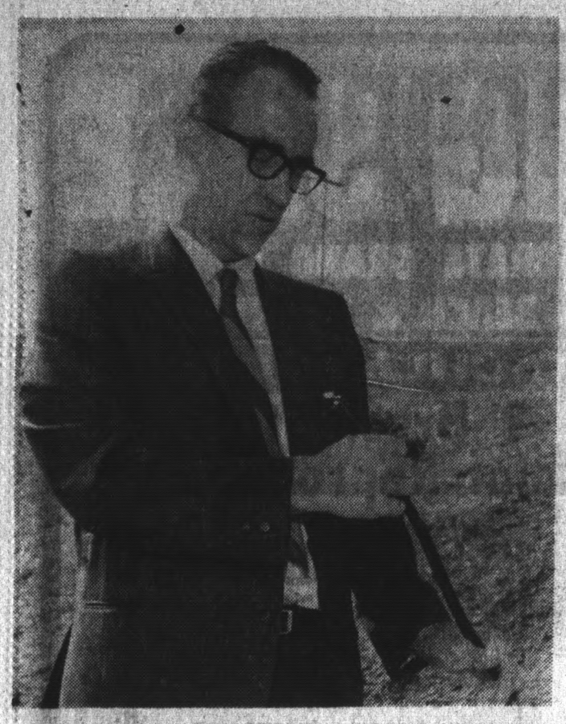
Cable T.V.-A White Elephant...Or Panacea?



HENRY E. GASTMAN, vice president of Vista Grande Cable Company, inspects a section of Ameco's newly designed television cable. More than a mile of the multi-channel wire arrived in Daly City Friday. (Post Photo)

Company Bares New Cable Signal Distribution Concept

By FRANK LaPIERRE

Cable television — panacea or white elephant for the North County?

This is a question many citizens and officials alike are asking today.

What, exactly, is "cable" television, and why do costs differ between companies competing in this field?

As its name implies, cable television comes into a subscriber's home via special purpose cable. No antennas are needed and usually reception over the cable surpasses that of rooftop antennas, expecialy if the user has a color set.

There are other advantages of the cable, its proponents claim, including closed circuit local programming, reception control and even the prospect of hooking up a fire alarm control system to it.

The idea of erecting a large central pickup device on a local peak and relaying the signal into users' homes is not new! The first such system was put into operation in 1948 in the east.

Over the years, the system has become more sophisticated and far less expensive (costs once soared as high as $180 for installation and $15 per month user's fee).

During the past 21 years some 4,000 cable TV companies have sprung up in the nation's 100 largest marketing areas.

Largest supplier of parts for these systems is a Phoenix, Ariz., electronics firm called Ameco, Inc., which recently bared a new concept for the distribtuion of cable signals.

The until-now secret process is called DISCADE (DIScrete Cable Area Distributing Equipment) and is aimed at holding line amplifiers to a minimum, thus virtually eliminating degrading effects usually prevalent in such systems.

In other words, the more amplifiers strung along a cable between the pickup station and a subscriber's TV receiver the more interference — or what is known as "degrading effects."

Its proponents claim the new system will provide greater operating flexibility and economy because of lower maintenance requirements.

Daly City will be the first such "total" system in the United States, alothough other areas have piecemeal portions of Ameco's concept integrated in its systems, according to Bruce Merrill, president of Ameco.

As an example, the new equipment has allowed the Vista Grande Cable Corporation, franchised operators of the Daly City cable, to extend their "house drops," or distance between amplifiers, from 1,000 feet to more than 3,500 feet. And test color sets in the Serramonte housing area have picked up perfect singlas from both VHF and UHF stations.

The more stations that jam the airwaves the worse reception becomes on home viewers' sets.

The outlook is not unlike a roadway that was once capable of handling a certain volume of vehicles and has become crowded with present-day traffic.

The airwaves will only facilitate so many signals, Vista Grande Company vice-president Henry E. Gastman said.

As signals increase they begin bumping into each other.

Cable television was supposed to eliminate this problem, but after installation other difficulties such as "ghosting" and numerous other distortions were encountered.

Various Methods Tried, Discarded And Costs Soared

Various methods were tried and discarded over the years, including the laying of dual cables — one for VHF and the other for UHF.

Installation and maintenance costs on such projects soared.

Gastman, who allowed he is "as excited as a heart specialist on hearing of the first heart transplant," said Ameco has developed and tested for more than a year this system, which distributes various channels on a multi-tube coaxial cable with every channel desired being transmitted on a discrete cable.

There is, of course, voluminous technical information on just how the Ameco process functions and Gastman last week explained it to other engineers from around the nation visiting Daly City to take a peek at the "revolutionary" setup.

Ameco promised the system would far surpass other cable systems now in use and gave 11 reasons why, including elimination of cross channel interference. Radiated interference from high level "off-the-air" TV signals will also be eliminated; the signal-to-noise ratio of the Discade system will surpass that which is currently possible on conventional broadband systems; possible system obsolecence will be largely reduced due to the design and characteristics of the cable and equipment.

Receiving Sites In North County Atop Peak. Mtn.

Additionally, the system, with its fewer repeater amplifiers, will give subscribers greater reliability; maintenance will be easier because of the single channel bandwidth; an unlimited number of channels can be facilitated; plus "trouble free" reception is designed into the system—whether it is a remote or manuel control receiver.

Gastman said it will be possible to do "just about anything" with the system, including turning off and one a viewer's set in case of an emergency announcement.

In the case of Daly City, the company intends to telecast local news coverage to subscribers along with regular programming and educational programs for schools.

With cable, the entire system can be monitored from a central point and films, messages and interviews of local concern can be interjected at will.

The breakdown for the Daly City area cable will be 16 channels for off-the-air commercial stations; one for schools; one for local coverage and two channels for "experimenting" with local programs, Gastman explained.

The present head-in (receiving) sites for the Pacifica Cable Company (Vista Grande and Brisbane cable companies) are atop 1,600 foot Peak Mountain in the Montra range and on a hill along the Pacifica-Daly City city boundries, west of Skyline Boulevard. The latter is a emporary site, a company official said.

To date, Gastman said his company has spent some $2.2 million in setting up the Daly City network. This includes offices in Pacifica and a maintenance garage and storage yard in Daly City.

Once in operation, the system will serve an estimated 15,000 subscribers and will be one of the city's largest sources of tax revenues.

Gastman, who started with the Radio Corporation of America's cable television venture in 1048, outlined the company's plans for laying the cable throughout Daly City. When completed more than 210 miles of cable will have been strung in Daly City, Pacifica and Half Moon Bay.

Within the next 18 months, most Daly City residents will have the answer to whether Ameco's cable television process is a panacea for reception problems afflicting the north county—or a white elephant as some predict.

FRANK LA PIERRE

Row After Row...

VETERAN'S DAY, 1969 — Row after row of white markers dot the landscape from Flanders Field to the Philippines, each with its small flag of red, white and blue whipping in the wind across the grassy resting place of thousands of American "boys" who died like men. Some will say needlessly. Others will say proudly. The fact is, they died under the colors of Old Glory, and that's where they lie.

Had it not been for their efforts, their blood, their lives, we, perhaps, would not be sharing in the joy of living under those colors in a land that may not have all the answers, but is trying like the dickens to find them.

You out there that think you have the answers and would stomp on that flag to prove it, would spit on those colors, would riot in the name of whatever cause you happen to be hooked up with this month, thank God for these men.

They may not have agreed with you, but they laid down their lives for your right to protest.

QUESTIONNAIRE — Why are the benches at some Top of the Hill (Mission Street) bus stops imprinted with "Westlake Shopping Center"? (Asked by an interested Mission Street merchant at a recent council meeting) . . . Where does the money taken from Mission Street parking meters go? (Asked by several Mission Street merchants at several council meetings in recent years) . . . Is Lou Papan, who came in only 11 votes away from third place in the last council race, going to to run this year? He's been seen at quite a few city affairs in recent weeks (Asked by Yours Truly).

WELL, IT'S STARTED. The invites to Christmas parties and pre-Christmas sales. Where will it all end? Perhaps the day will come when merchants will have "Christmas sales" all year round and hostesses will invite a person over for a "Christmas weekend" party in July.

A TIP OF THE TOPPER to Belmont Police Chief George Trenam and his men for the excellent work they are doing in combatting drug abuse in their city. While some people want to make a political football out of the shameful problem, Belmont police have dug in and produced a readable booklet with illustrations on narcotics and how parents and kids can work together to beat this scourge. We must mention the fact that the city's Rotary Club and several agencies cooperated in publication of the booklet.

AN ITEM IN THE San Bruno Heald by Jack Bik informs us that "Westlake is in San Francisco." Nice try, Jack, but Westlake intends to stay in San Mateo County . . . Daly City, to be exact.

CONGRATS DEPARTMENT — Tony Zidich, president of the Westlake Homeowners' Association, was just named to the San Francisco Real Estate Board of Directors. That's not the story! The story is: Few, if any, persons outside San Francisco have ever achieved this honor.

HOW ABOUT AN ANSWER on this one? How cum the kids over at Holy Angels have to pay $72 every time they want to use the Westmoor High School gym? Parents with kids attending the Catholic school already pay double — one for the school, plus their taxes. Why can't they use it on a space available basis?

FLASHY FLASH — Spotted South San Francisco Police Lt. Al Klemme at last week's meeting of the North County Council of Cities meet at Nick's Rockaway in Pacifica along with Councilmen Pat Ahearn and Warren Steinkamp.

DALY CITY'S RECREATION leader, Chuck Vincent, has been invited to attend Governor Reagan's confab on which direction the state should go in the 1970's. City officials were elated that one of their own should be so honored.

THE WESTLAKE MERCHANTS have slated their "Big Game Night" dinner-dance for November 22 (the fifth such affair), and PR man Gene Perry promises this year's event will top 'em all. Strolling musicians, the music of Sal Carson and warbling of Sylvia Gaylord is only part of the year end festivities.

AND SPEAKING OF THE Westlake Shopping Center — How about what (unfortunately) happened to Jim Trevor at the Olympic Club's 17th hole on the Ocean course two weeks ago. We say "unfortunately" because it is the custom for whomever drops a hole-in-one to buy the bar a round of drinks. It was Saturday, and like every Saturday at the Olympic Club, the place was packed with more than 500 golfers. Sorry to hear of your good fortune, Jim!

UNDERGROUNDING CABLE—Jack Shanabarger (left), service superintendent for Vista Grande, feeds first section of new Ameco cable into underground receptacle as company vice president Henry E. Gastman looks on. The first section to be hooked up to the new cable will be in the School street area of Daly City. (Post-Photo)

'Makes Me Dizzy'

The book, "The Second Genesis," makes me dizzy and a bit thankful I was born before the age of biological science.

Yet it is a provocative book, wherein a noted science writer named Alfred Rosenfeld discusses the incredible possibilities inherent in current biological and biomedical experiments.

THE WORLD HE FORESEES seems a science fiction world of artificial breeding, psychochemicals and cybernetics; of man being able to control hereditary and congenital factors of life; of personality control and personality changes — yet such a world is not ficticious. "The synthesis of life is now within reach," Rosenfeld contends, and to prove his point he points to organ transformation, to tissue culture, to experiments with the cells that control the heredity and the sex of unborn human beings.

In the third section of the book he describes experiments with the chemicals and the electrons of the human brain. "The prospect arises that we might learn to control human behavior by learning to change at will the paterns in our brain cells . . . by manipulating the electrons of the brain, then, we would equal manipulating human behavior."

SECTION ONE, the Refabrication of the Individual, discusses the control of diseases, among other things, the possibilities of prolonged life, to restoring life to one called dead in a conventional sense, and of cell control and transplanting human organs.

SECTION TWO speaks of prenativity. Here the change of the fetus is discussed. Here test-tube pregnancy, artificial insemination are explored.

Among the possibilities is this suggestion from Dr. E. S. E. Hafez. "When you consider how much it costs in fuel to lift every pound off the launch pad why send full-grown animals, men, and women aboard spaceships? Instead, why not ship tiny embryos, in the care of a competent biologist who could grow them into people, cows, pigs, chickens, horses — anything we wanted — after they get there?"

In the foreword Rosenfeld explores the meaning of such possibilities of humanity — What, he asks will happen if governmental and social institutions, and schools do not progress as fast as science? — What if morals degenerate? What if the behavioral sciences are not recognized and subsidized

THE SECOND GENESIS was written to help men realize the vast implications of biomedical advance. "Where do we go from here? What will human life be like in the year 2000?"

Furnace Repairs

THE RACKETEERS have devised methods to keep the furnace repair or replacement racket operating the year round.

With the arrival of fall these unethical methods are stepped up when the homeowner is thinking of putting his house in order for the winter months.

Widows and the aged are located and cruelly preyed upon. The heartless gypsters call on young parents who are easily sold repairs through scare techniques.

Telephone calls, postcards and letters are sent to new homeowners declaring that the furnace company had serviced the home for the previous owner and that the new owner was still entitled to a courtesy inspection.

THE SCHEME follows the same pattern throughout the United States. It is the age-old combination of the salesman with an irresistible sales pitch and people who are not careful enough about what they sign.

The "furnace gyp," often posing as a representative of an official agency or utility company, goes door-to-door ringing doorbells and offering either free inspection or inspection at special prices.

ONCE IN THE HOME, the phoney inspector reports the furnace to be leaking carbon monoxide fumes and to be a potential death trap. The frightened homeowner is an easy prey. Who would not be afraid of a boiler about to blow up? A contract is signed and too many times it is for unnecessary furnace repairs.

Letters to the Editor

Lax Dog Laws

Editor, The Post:

I am fed up with our lax dog laws that made it possible for the black male Labrador Retriever to bite eleven year old Patrick Dennis Sunday afternoon.

I live in the area of Thomas Edison elementary school playground and dogs on the loose are constantly terrifying youngsters there.

Cars actually pull up to the grounds and the drivers let their dogs out to use the school fields for a romping and desecration area.

I offer these suggestions to our public officials:

1. The leash laws should be enforced.

2. Loose dogs should be picked up and impounded by the Animal Shelter. Especially in and about school areas.

3. Signs on the school gates should read, "Unleashed dogs on school premises will be impounded." This should be followed by calls to the Humane Society when the rules are broken.

4. If the fines for release of stray dogs picked up are set high enough, dog-owners may begin to recognize the leash law.

MOLIKA ROTH,
Daly City.

A HIGH SCHOOL version of "Hair," called "Like Hair," presumably without the climax of the original stage show, will hit the boards at Jefferson High School November 20, 21 and 22. Among the large cast of players are Pat Bianchi, front, and Kevin O'Shea.

'Like Hair' Due At Jefferson High

"Like Hair" is the name of the fall drama show at Jefferson High School in Daly City and will be presented November 20, 21 and 22 in Room 507 at 8 p.m.

As the name indicates it will be Jefferson's version of the current hit musical, "Hair," which has played to full houses for two years.

"Like Hair" is a tribal-rock musical that grows out of the enthusiasm of youth and comments on all phases of society. It expresses youthful feelings about the war, love, happiness, school and life in general. It speaks for youth and to youth and it is important for them to see it but is equally important that their parents, the people without hair ,see the show. The teens are familiar with what goes on in the production. It's their elders who don't always understand.

Mrs. John Mongan directs the show with assistance from Miss Lois Climons, a SRSC student teacher, who is doing the choreography. Boyd Balestreri and Ward Hayter, also from SRSC are building the stage set and Tom Winterhalter, a Jefferson alum, is designing the set decoration. David Archer, senior, is the lighting director and stage manager.

Soloists among The Tribe are Ray Howard, Howard Hatchett, Bill Damota, Rich Ballerini, Joe Catalano, Rawnie Clements, John Bendt, Pat Bianchi and Brenda Williams.

Other are Michelle Johnson, Sue McAllister, Fern Tracey, Julie Solomon, Margie Talavera, Claudia Bermudez, Cindy Shew, Linda Castellucci, Bill Garcia, Paul LaMark, Thelmon Byrd, Jim Cranna, Kevin O'Shea and Bob Furber.

Technical staff will include Scott Tiraschi and Bill Bates, lighting; Maureen Dziako, Leticia O'Neill, Carol Badran and Mike Hesss, properties; Gail Sears, Audrey Perada and Irene Long, costumes; Becky Cleveland, tickets; and David Graham, sound-photograper. Pat Kudo is Mrs. Mongan's assistant and secretary.

O'Neill Play To Be Staged At Skyline

The distinguished playwright, the late Eugene O'Neill, based his Pulitzer Prize winning play, "Long Day's Journey Into Night" on his tragic childhood.

This play will be Skyline College's second dramatic presentation of the year starting on Thursday evening, Nov. 13 at 8 O'clock in the Studio Theatre. It will be a two-weekend run from Thursday thru Saturady, Nov. 15 and Thursday, Nov. 20 thru Saturday, Nov. 22.

This highly personal and symbolic production was described by O'Neill as a "play of old sorrow, written in tears and blood." From his own view the famous author noted that this is a presentation "with deep pity and understanding and forgiveness for all the haunted Tyrones."

The five member cast is faced with the task of reflecting the many furstrations, hardships, and tragedies which filled the lives of the individuals in this family. The cast noted in recent interviews that the performance is an emotional experience that is not soon to be forgotten. Otherwise they feel that will have failed the public, the author, and themselves.

Same Plans For School

A new elementary school planned for the South San Francisco Unified School District will use the same basic plans used on the existing Skyline School.

The new school will be constructed on Victoria and Gellert Boulevard. It will not, however, contain a multi-purpose room and there will be minor exterior alterations, so the building will not be an exact duplicate of the Skyline school.

Johnson, Poole and Storm are project architects for the facility, which will consist of two kindergarten and twelve regular classrooms, plus an administration wing.

Tentative plans are for completion of the school, now referred to as the Junipero Serra School, by the fall of 1970.

The operation involving more than 1,700 Air Force personnel, marked the first time aircraft have operated from completely pre-packaged, expandible maintenance and hangar facilities. Independent power and water distribution systems and other newly developed mobility equipment was utilized.

The sergeant, a graduate of Junipero Serra High School in San Mateo, attended the College of San Mateo.

Police Seeking Driver

A hit-run driver who fled after striking a pedestrian at Skyline Boulevard and Westmoor Avenue in Daly City was being sought today by the California Highway Patrol.

Patrolman Milton Stark said the victim, Paul Morris Morrill, 69, of San Francisco, was in the divider section of the highway at 11:10 p.m. when he was hit by a white pickup truck.

Morrill told Stark that the driver, a small brown-haired man of about 40, stopped but did not say anything. Then he got back in the truck and drove away.

Morrill was taken by ambulance to Mary's Help Hospital where he was treated for multiple cuts and bruises. He was then transferred to Kaiser Hospital in San Francisco for further treatment and observation.

Grading Contract For S.S.R. School

The contract for grading of the West Park Elementary School site in South San Francisco has been awarded to Buzz Haskins, Inc.

School board members okayed the proposal involving movement of 393,000 cubic yards of earth at a rate of .275 per cubic yard.

In connection with this new school, the trustees received a letter from the J. H. Snyder Company.

Snyder said it will complete its portion of the Galway Drive improvements adjacent to the five-acre site at no cost to the district.

"We will install the trunk storm and sanitary sewer lines, the water main, power, telephone, street lighting, fire alarm and other utilities necessary to serve our subdivision," read the letter.

"We do not anticipate that these main utility line facilities will have to be enlarged or relocated in order to also serve your school site."

However, any required changes would be the responsibility of the school district.

Long Weekends For Employes

Classified employes (non-teaching) of the Jefferson High School District will gain a pair of "long weekends" soon, it was pointed out recently.

The district's classified handbook spells out the entitlement, explained by Dr. Harold Tonini, assistant superintendent of instruction:

"As both Christmas Day and New Year's Day fall on Thursday, the day after each holiday — Friday, December 26 and January 2, 1970 — has been designed as the additional day off with pay.

Apartment Is Cleaned Out

While the roommates were away, burglars escaped with $475 in property from a San Bruno apartment.

Cynthia Helen Razovich, of 885 Huntington Avenue, told police she and her roommate, Dianne Lynne Harris, were visiting in San Francisco Saturday when the burglary occurred.

Salad Supper On a Patio This Fall

End of summer will be closing the outdoors. So, let's have one last salad supper on the patio.

Cream of Potato Soup with chopped Green Onion Garnish
Beef Tomato Salad with Horseradish Sour Cream
Mixed Greens with French Dressing
Pumpernickle Slices
Gingerbread Lemon Duo
Iced Coffee—Milk

BEEF TOMATO SALAD

2 envelopes unflavored gelatine
1½ cups water
1 bay leaf
1 can (10½ ounces) condensed consomme
1 can (10¾ ounces) condensed tomato soup
2 tablespoons vinegar
⅛ teaspoon celery salt
1 cup finely chopped cooked beef
½ cup chopped celery
¼ cup chopped cucumber
2 tablespoons chopped onion

In saucepan, sprinkle gelatine on water to soften. Add bay leaf. Place over low heat and stir until gelatine is dissolved. Remove from heat and stir in soups, vinegar, and celery salt. Remove bay leaf. Chill until mixture begins to thicken. Fold ni remaining ingredients. Pour into 5½-cup mold. Chill until firm. Unmold; serve on crisp salad greens. 6 to 8 servings.

Gingerbread Lemon Duo; Prepare 1 package gingerbread mix and pour into greased 9-inch sauare pan. Spoon a mixture of 1 can (15½ ounces) French Vanilla pudding 1 cup water, 2 teaspoons lemon juice, and 1 teaspoon lemon rind around edge of pan. Bake at 350 for 45 minutes. Cool at least 30 minutes. Makes 9-inch square cake.

Cheese And Chip Baked Tomatoes

Savory baked or broiled tomato halves not only are attractive when they flank a steak, roast or fish but they are also good tasting. The crispy golden brown topping of potato chip crumbs makes them unusual in flavor. With potato chips the tomatoes need not be brushed with butter or margarine.

Cheese Chip Baked Tomatoes

4 large tomatoes
Salt and pepper
1 cup (¼ cup) grated American cheese
2 egg yolks
4 tablespoons heavy cream
¼ teaspoon beau monde seasoning
½ to ¾ cup crushed potato chips
Fresh parsley

Cut tomatoes in half. Turn upside down and squeeze gently to remove some of the seeds and liquid. Place tomatoes, cut sides up, in a shallow casserole or baking dish. Sprinkle with salt and pepper. Blend together cheese, egg yolks, cream, beau monde seasoning, and salt. Place about 2 tablespoons of this mixture on each tomato half, pressing down into the center with back of spoon. Sprinkle potato chip crumbs over top. Bake in a preheated 350-degree oven for 15 to 20 minutes, or broil until chips turn golden brown. Sprinkle fresh parsely over the tops of each tomato just before serving. Makes 4 servings.

Try Typical Parisian Family Meal

Set the dinner mood on the tip of the Montmarte with a suggestion of sad music and gay paintings. Serve a typical Parisienne family meal.

Boeuf Champignon
Rissole Potatoes
Puree of Green Peas
Marinated Tomato Slices
Pineapple Cheese Strudel
Coffee — Milk

BOUEF CHAMPIGNON

3 to 4 pound rump roast
¼ cut chopped carrot
¼ cup sliced celery
2 tablespoons butter or margarine
1 can (10½ ounces) condensed golden mushroom soup
¼ to one-third cup water
⅛ teaspoon thyme, crushed
1 small bay leaf

Roast beef as usual at 325 degrees F. to desired doneness. In saucepan, cook carrot and celery in butter until tender. Add remaining ingredients. Heat; stir now and then. Remove roast from pan; add 2 tablespoons drippings to gravy. 6 to 8 servings.

Couple Bright Apples With Meat For Autumn Meals

The apples are in town. Red, green, yellow and multi-color — the whole clan is assembled at the food store. Peak production dates vary with variety, but the main apple season is with us now and will continue for months.

A big crop is expected. There'll be plenty of apples for the teacher, for the lunch box, for sauce, for pies and for snacks.

Apples can be combined with meat to make many an enticing entree, according to a home economist with the National Live Stock and Meat Board. She recommends the following main-dish pleasers.

BEEF CURRY ON RICE

2 pounds boneless beef for stew, cut in 1-inch cubes
3 tablespoons flour
2 teaspoons curry powder
1 garlic clove, chopped
3 tablespoons lard or drippings
2 cups water
½ cup raisins
½ cup chopped onion
2 teaspoons salt
1 cup sliced apples, peeled
Flour

Combine 3 tablespoons flour with curry powder. Dredge beef cubs in seasoned flour. Cook garlic in lard or drippings about 5 minutes. Remove garlic; add meat and cook, turning to brown all sides. Pour off drippings. Add water, raisins, onion and salt. Cover tightly and cook slowly 1½ hours. Add apple slices and continue cooking 1 hour or until meat is tender. Thicken mixture with flour, as for gravy. Serve over rice. 6 servings.

SAUSAGE LINKS — APPLE RINGS

2 pounds pork sausage links
2 tablespoons water
3 large tart red apples
¼ cup sugar

Place sausage links and 2 tablespoons water in a cold frying-pan. Cover and cook slowly 5 to 6 minutes. Remove cover and brown links slowly until well done. Remove links to absorbent paper and keep warm. Cut apples crosswise to form ½-inch thick rings. Brown the apple rings in 2 tablespoons pan drippings or lard, turning occasionally. Sprinkle with sugar, cover and cook slowly until tender. Arrange sausage links on hot platter and garnish with apple rings. 6 servings.

VIENNA SAUSAGE IN ACORN SQUASH

2 cans (4 ounces each) Vienna-style sausage
3 acorn squash
2 cups grated apple
3 tablespoons sugar
½ teaspoon cinnamon
2 tablespoons butter or margarine

Cut acorn squash into halves lengthwise and remove seeds. Dot with butter or margarine. Cover with foil and bake 30 minutes in a moderate oven (350 degrees F.). Place 2 to 3 sausages on each squash half and continue baking 20 to 30 minutes or until squash is done and sausage is browned. 6 servings.

Expenses Escalate

Of every dollar of gross farm income in 1968, about 71 cents went for expenses of production. The total of nearly $36 billion for farm production expenses last year, rose from $35 billion in 1967; $25 billion in 1957-59.

Chef's tip: To enjoy the full distinctive flavor of cheese, let all cheeses (except cottage cheese or cream cheese) stand at room temperature for 20 minutes before serving.

Businesses Are Put On Notice

Four San Bruno businesses along El Camino Real have been put on 90-day notice by the planning commission to improve the looks of the landscape on their property.

The firms are Arata Pontiac, 529 El Camino Real; Midas Muffler, 700 El Camino Real; Dublin Motors, 125 El Camino Real, and Thomsen's Cars, 421 El Camino Real.

All have agreed to take positive action to upgrade their landscapes.

In other action during the Monday night session the commissioners:

Granted a use permit for used car sales to M&M Motors, 200 El Camino Real.

Okayed a variance for a front-yard setback at 2415 Crestmoor Drive.

Denied a use permit for a motorcycle retail dealership at 109 Santa Lucia Avenue. Protesting residents apparently convinced commissioners approval would saturate the area with motorcycles.

Denied, too, a variance for a lot size, garage space and side-yard for a duplex at 901 Easton Avenue. The reason was the applicant failed to meet ordinance requirements.

Cyclamate Suit Filed By D.C. Man

A former Daly City motorcycle dealer who used cyclamates while he trimmed his weight from 550 to 450 pounds in two months has filed suit against the U.S. government to lift the ban on the artificial sweetener.

Leo R. Rossi, 32, of Daly City, filed the class action with six others Wednesday in U.S. District Court on behalf of overweight and diabetic persons.

Heading the list of five attorneys representing the plaintiffs is Edward Cragen, who weighed 270 pounds last June. He now weighs 203.

The suit claims that the statute under which the cyclamate ban was adopted is vague "and sets forth no adequate standards. The interpretation is that any food additive that causes cancer in animals or humans, under any conditions, in any amount, is not safe for human consumption."

The cyclamate ban permits its use by doctor's prescription for diabetics and others requiring no-sugar diets for medical reasons.

2 Students Charged In VW Thefts

A pair of 14-year-old Westmoor High School students were charged with multiple counts of auto theft after they were apprehended by one of their victimes in Daly City Wednesday.

Police said the youths casually informed them that they had stolen 20 Volkswagens from throughout the Daly City-Colma area in the past two weeks.

Most of the vehicles have been recovered, a police spokesman said.

Claude LaBorde Jr., said he heard someone tampering with his car parked in a garage on Coronado Street in Daly City about 9:30 p.m.

On investigating, he found two boys sitting in his car. While LaBorde held the suspects, his wife called police.

While questioning the pair, police learned of the whereabouts of other compact cars that had been reported stolen in the past two weeks.

All but three have been accounted for, the spokesman said.

Booked into Hillscrest Youth Guidance Center on charges of felony auto theft were Jefferey Holland, 14, of 916 Eighty-seventh Street, and Joseph J. Archuelta, of 847 Larchmont Drive, Broadmoor.

Airborne Patrol Delayed

A proposed airborne patrol service for the sheriff's office was set back from four to six weeks last week when the county board of supervisors, acting on the recommendation of County Manager M. D. Tarshes, rejected two bids for the purchase of two helicopters.

Tarshes said both he and Sheriff Earl B. Whitmore agree that specifications in a previous call for bid were not technically precise enough and that there is a question on whether bids for maintenance of the aircraft and for the training of pilots should not be called separately from the actual helicopter purchases.

Previously the bids were both for two helicopters and for the costs of maintaining them for a year and training pilots.

Of the only two bids received previously, a bid from the Hughes Aircraft corporation was the lowest for the helicopters, but a bid from the Enstrom company in the Middlewest was the lowest over-all bid.

"I am convinced we need to improve the specifications considerably," Tarshes said this morning.

City Channels For Scouts

Some San Bruno Boy Scouts want to do a good deed but have to go through city channels to do it.

Troop 275 requested permission to erect a shelter at the new Skyline Boulevard-San Bruno Avenue bus stop.

They presented plans for a wooden structure.

Joint Meeting On Jail Set

A joint meeting between local city and county officials and San Francisco officials has been set for November 19 at 10 a.m. in the San Bruno city hall to discuss San Francisco's County Jail No. 2 west of San Bruno, from where two prisoners escaped several months ago and killed an elderly retired sea captain in Pacifica.

Robert B. St. Clair, chairman of the San Mateo county board of supervisors, announced last week that San Francisco Sheriff Matthew C. Carberry and Chief Administrative Officer Thomas Mellon have agreed to come to the meeting.

After the meeting, St. Clair announced a tour will be taken of the complete facility.

"This will be a good chance to air the entire situation," St. Clair asserted, saying that if San Francisco fails to act the San Mateo County district attorney's office will take action to abate the jail situation if local officials are not satisfied.

N.P.L. Title In Westmoor's Hands

The issue that was, for all practical purposes, settled several weeks ago was signed, sealed and notarized on Friday. The Westmoor Rams, breaking a six-year stranglehold by South San Francisco, became the 1969 North Peninsula League champions.

Pete Matisi's crew, which last wore the crown in 1962, dumped Half Moon Bay, 26-12, in the Rams' season finale and ended a perfect NPL season with a 6-0 record. Second place South City has a 4-1 mark with one game left.

In other NPL games, the Warriors bombed Jefferson, 46-12, while Terra Nova won the Anchor Trophy with cross-town rival Oceana, 38-6.

Along the road to the title, Westmoor's Jim Lewis set a new seasonal rushing record of 1391 yards in nine games breaking the old record of 1248 held by SSF's Greg Jones since 1965. Lewis, who ran for three touchdowns on Friday, missed the touchdown record by three, winding up with 19 on the year.

"Jim is the best back I have ever coached in 13 years at Westmoor," the veteran Matisi commented. "He has it all-speed, agility and size. He should be a fine college running back."

The Rams, scoring in every quarter, nonetheless had a tough going against the Cougars, who played one of their better games of the year. In fact, it was just 14-6, Westmoor, in the waning seconds of the third period as Lewis ran off three straight tds to see the win. Westmoor got its first score when quarterback Mike Swallow hit Ed Nessel from the 12.

The Cougars scored next on a rare guard-eligible play from Jim Emery to Henry Morvec from the 13. Lewis then scored three times before Jack Jones ran in from the seven to end the festivities.

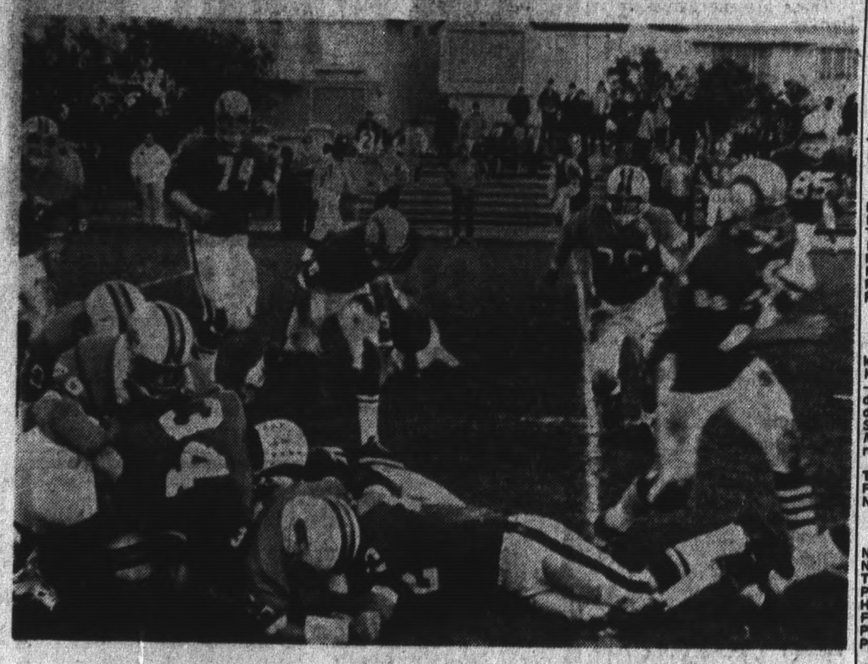
South City's defense didn't allow a first down or a completed pass until the fourth quarter while the offense was gathering up a 46-0 lead in the win over Jeff. Leo Bernardini led the Warriors with 85 yards in one half as reserves did the most time after intermission.

After an opening series score from Rich Goldstein on a two-yard run, the Warriors kicked off to the 13 but no Jeff player got to the ball. A Warrior fell on it and Bernardini scored on a 13 yard jaunt one play later and the statistical romp was on.

Tony Moss, who scored the first Jeff td set up the six points with a 44-yard pass interception late in the going.

Rick Holley, Tim Lutz and Mike Humphries combined for 350 yards in just 37 carries as the Tigers eased to fourth place. The Tigers might have scored more but were continually stopped with 150 yards in penalties.

Holley was the leading scorer with td runs of 45 and 52 yards although Oceana managed a little fireworks with a 55-yard scoring toss from soph quarterback Desi Chavez to halfback Dan Williams.



EVERYBODY seemed to have their eyes on the action at left, rather than on the ball carrier zipping for yardage at right, as Westmoor defeated Half Moon Bay, 26-12. (Post Photo)

Westmoor's GAA Sweeps The Sharks

Westmoor's Girls' Athletic Association traveled to Oceana High School's volleyball courts on November 4 to sweep a three game series from the Shark's girls' teams.

The G.A.A.'s A, B, & C teams were matched with Oceana's 1, 2, 3 teams. Each playing two out of three games, the Ram's A team won their first two games, 15-4, and 15-2. The B team captured their two games 15-6, and 15-6, while C team routed their opponents 15-0 and 15-2.

Tryouts for the three teams took place during the G.A.A. practices. Freshmen through senior made all three teams.

In addition to Randy Golobic, a freshman, Westmoor's A team was composed of Pat Rowell, Liz Leitch, Melanie Coyle, Marlene Biro, Michelle Cannova.

Composing the B team from Westmoor were Angi Saunders, Carolyn Ovivier, Debbie Columbana, Sheila Stewart, Lois Buada and Candy Keller.

Sue Bisen, Sherri Beals, Gloria Pittman, Linda Pittman, Diane Cala and Celeste Rowell made up the C team.

Mrs. Lynn Knecht, adviser to the G.A.A., explained that the volleyball games substituted the powder puff football games of last year which are scheduled for other NPL schools. If enough interest is generated, basketball and softball games will also be planned.

Westmoor girls' physical education teachers, not to be outdone by their students, played the Terra Nova faculty on Westmoor's court November 6 and trounced the "Tiger" women 15-9 in the first game and 15-12 in the second game. The TNT women bounced back to capture the final game 15-13.

Suffering an injury early in the game after a tremendous serve, was Miss Barbara Bosio, captain of the Ram team. Despite her hand injury she led her colleagues to victory.

OLYMPIA SCHOOL
By PAUL DURAN

Hi I'm Paul Duran, the new recreation leader at Olympia School. So that I can get to know you and you me, I'm planning an arts and crafts day this Saturday, November 15.

We'll be making sculptures out of bits and pieces of wood by just gluing them together. All you have to do is bring yourself.

We'll start at noon and probably finish at 2 p.m. In case you can't make it, I hope you'll drop by any day of the week and say "Hi" and maybe join in some of the activities that we'll be having. Hope to see some of you teen-agers so that you may tell me some of the things that you would like to do.

Remember, the playground is open Monday through Friday, from 3:30 p.m. till 5 p.m. and on Saturdays from 10 a.m. until 4 p.m.

Colts Score Upset Over Burlingame

By JERRY LITTRELL
Post Sports Writer

El Camino doesn't have one of the bigger lines around. El Camino doesn't have a devastating offense. El Camino doesn't impress too many people — until the game starts.

On Friday Tom McCormick's Colts, who are destined for a third place finish in the North Peninsula League, bested Burlingame, the Mid-Peninsula League's undefeated squad, 18-14, with a surprising reversal of form. The win gave Camino a 4-4 record while the Panthers came out with a 5-2 mark.

The story doesn't really lie in what Camino doesn't have. What the Colts do have is a bunch of athletes who, pound for pound, deal out the most physical punishment of any football team on the Peninsula. The Colt defense was respected but the offense, a dormant part of the game for many past quarters, rose with eye-opening variations Friday to catch the Panthers napping.

"I really can't believe these kids," McCormick said quietly after the game. "They won't quit. They just keep coming. We finally put an offensive and defensive game together against Burlingame. We finally jelled."

A Camino fumble on their first series set up the first Panther score as fullback Hank Sauer, the game's leading rusher with 72 yards, piled over from the one capping a 33-yard drive. But Camino came right back with a rarity — a sustained drive of 75 yards in length — ending when quarterback Joe Shannon snuck over form the one.

After intermission, with a few brief exceptions, it was all Camino. A Brad Ingersoll punt downed on the three set Burlingame deep in its own territory. The Panthers punted three plays later and Al Spitzer ran back 32 yards to the 10 to set up the go-ahead points. After a clipping penalty, Shannon found Joe Sarasua from the 30 and it was 12-8, EC.

Bob Booker's squad made its last gasp when Pete Ruppert returned an EC punt 38 yards to the 38. Seven plays later Sauer scored from the three and it was 14-12, Burlingame.

Taking to the air with the key pass being an option from Ingersoll to flanker Rick Clarke good for 40 yards, Camino won the game when Neil bulled four straight times up the middle finally scoring from the one on fourth down.

"They beat us where we thought we were strongest the pass defense," admitted Booker. "There's no doubt that we were overlooking them and thinking about Hillsdale next week. That's all we've talked about this week was the MPL race the rest of the way. Don't worry, we'll still show up for the Hillsdale game."

McCormick lauded Shannon, Neil, Ingersoll and lineman Jim Tenerowicz for exceptional efforts.

Suspicions Borne Out By 49er Play Against The Lions

By LE PACINI

That 49er game against Detroit bore out our suspicions.

The 49ers were just a flash-in-the-pan.

Meanwhile, back at the typewriter, it occurred to us some time back that perhaps more circumspect, objective historical sense.

So after literally weeks of research (no kidding), we herewith present, for the next three weeks, a condensed History of the San Francisco 49ers.

AFTER STUDYING the history, we know what conclusions we came up with. You can choose your own. If you come to no conclusion, you can clip and save the next three weeks of this column and paste the History of the 49ers in a scrapbook and perhaps drop it into a time capsule for future historians to study as a social phenomenon. Following, a condensed History of the 49ers . . . for whatever it's worth:

1946—THE 49ERS, under ownership of Tony and Vic Morabito, coached by Buck Shaw, and led by Frankie Albert, Norm Standlee, Alyn Beals, Bruno Banducci, Johnny Strzykalski, Lenny Eshmont, et al, off to first of auspicious starts and subsequent disappointments. Won first-ever game, exhibition against Los Angeles Dons, 17-7, followed by second last exhibition, 34-14 thumping of Chicago Rockets. As was to be usual, however, finished second to Cleveland with 9-5 record, having displayed good defensive forward wall, allowing only 189 points, but not having yet developed crushing ground game. Even though Beals tied for league lead in pass receptions with Dante Lavelli, passing game was no great threat, either. Beals and Banducci all-stars.

1947—DESPITE morale-damaging 14-7 loss to rival Dons in only exhibition game, poor pass defense and mediocre passing attack, 49ers managed 8-4-2 for another second place finish behind Browns. Did it with first fine running team. Banducci All-Pro.

1948—ASTOUNDING season for 49ers, most astounding being that again managed second place finish to Cleveland.

Undefeated in 12 straight (two practice, 10 league). Unfortunately, met Cleveland, which was undefeated in 18 straight, and lost, 14-7, before largest crowd ever to see pro football game — 82,769. Two games later, with chance to tie, met Cleveland, lost, 31-28. Took tough defense, Otto Graham's passing, 49er fumbles, penalties, pass interceptions, and first game in 17 that Albert failed to throw TD pass, for Brown to eke out win.

Prospectors finished 12-2 (Cleveland unbeaten), but had their records to keep them warm. Set all-time pro football record (still standing) of 3,663 yards rushing (6.07 average), totaled 495 points (their all-time record), 69 TD's (their all-time record), 35 of them rushing, and 5,767 total yards.

Needless to say, led league in total offense, rushing and scoring. Strzykalski led ground attack with 915 yards, rookie Joe Perry had best rushing in league (7.3) and scored most TD's, and Albert established AAC record for TD passes in a season with 29. Albert named league's Most Valuable along with Graham; Beals and Strzykalski all-stars.

This time, it was defense, especially against Graham's passes, which led to failure.

1949—LEAGUE DROPPED division play, went to round robin, made no difference to 49ers. Came in second to Cleveland by losing championship playoff game in mud at Cleveland, 21-7, as 49er quickness, probably best defensive line in conference, couldn't operate against Cleveland half making holes in slime for Marion Motley. Loss of Strzykalski with broken leg in seventh game had been damaging. Had 10-4 record, counting playoffs.

Again, 49ers had brilliants. Pulled probably most stunning upset in AAC history with mid-season 56-28 defeat of Cleveland. Led AAC in total offense, rushing, scoring. Perry led league in rushing, TD's; Beals in scoring. Beals, Visco Grich, Albert, Perry, Jimmy Cason, Johnny Woudenberg, all-stars.

1950—FIRST YEAR is NFL. Rival coach described them as "not big enough or tough enough." He was right. Could win only one of five exhibition games, had 3-9 league record, had to win last two games of season to achieve that. Vaunted offense seldon showed, though Perry and Stryzkalski ran well behind small line. Average paid attendance dropped from 32,808 to 25,035, and not a 49er got all-star mention.

1951—ONE OF FINEST rookie crops in 49er history, led by shoulder-tackling Hardy Brown, who inspired defense which allowed only 205 points (tied for lowest in 49er history) and end Billy Wilson (who was especially effective when teamed with newcomer from Baltimore's defunct AAC team, Y. A. Tittle), brought Prospectors to within half game of title race to final day of season.

This time 49ers didn't choke, as they won final game, beating Detroit.

But correct combination of wins and losses among other three teams in closest race in pro football history didn't develop, as Cleveland, whom 49ers had beaten in first game of season, lost to L.A. With those rookies, Tittle's long passes to Balance Albert's brilliant short game, good running attack and offensive tackle Leo Nomellini, their first genuine All-Pro, 49ers finished 7-4-1.

Other standouts besides Brown and Wilson among the 14 rookies were Joe Arenas, Rex Berry, Al Carapella, Ed Henke, Nick Feher, Jim Monachino, Pete Schabarum, Bishop Strickland, Hamp Tanner, Bob White.

Nomeillini, Grgich, Albert, Stryzkalski, Standlee to Pro-Bowl.

1952—COMBINED with last three wins in '51, seven straight exhibition victories, five straight easy wins in regular season (including 40-16 win over Chicago there when rookie Hugh McElhanny single-handedly took Bears apart), 49ers, said Red Grange, were "one of the finest football teams I ever saw." But Chicago avenged, Yanks took them, won only two of next five, finished 7-5, in third place.

Compensations: McElhenny named "Player of the Year" and All-Pro, averaging 7 yards a carry, teaming with Perry to be third and fourth best rushers in league; Gordy Saltau All-Pro and Pro Bowler as league's top scorer; Nomellini All-Pro and Pro-Bowler; Ray Collins and Cason to Pro Bowl; 49ers led league in rushing, fewest total yards allowed, showed good pass defense.

Weakness: Pass protection, as Albert and Tittle continually ran for lives, which may have prompted Albert's premature retirement.

1953—"THE TEAM . . . could bring San Francisco its first professional football championship," said Chronicle Sports Editor Bill Leiser after 49ers had come from behind L.A., 20-0, to beat them 31-30 on Saltau's field goal with seven seconds remaining in second game of season after impressive opening win against tough Philadelphia. "San Francisco may go all the way," said Ram Coach Hamp Pool. "This is the best team I've ever coached," said Buck Shaw.

The 49ers led league in points scored, touchdowns, rushing; Joe Perry had first 1000 yard season, scored most TD's; Saltau led league in scoring; Wilson tied for league lead in TD passes caught; McElhenny seventh in rushing; Banducci, McElhenny, Perry, Nomellini, All-Pros; 13 rookies made team, including Bob St. Clair, Fred Bruney, Doug Hogland, Billy Mixon; 49ers finished 9-3, best-ever season in NFL.

But the 49ers were second. Detroit was 10-2.

It was first of many injury-jinxed 49er seasons. Tittle was out for two games with fractured jaw, 49ers lost both. Three losses were by combined margin of nine points.

In last analysis, might still have won if not for regression in defense.

Terra Nova, Oceana In 'Mud Bowl'

TO MANY, the Terra Nova-Oceana game was the traditional meeting of the two Pacifica grid teams, but to others the contest more properly would have been dubbed the "Mud Bowl," portrayed by those muddy Oceana lads watching Dave Williams (24) slip by. (Post Photo)

Flyers Beat Knights, Prep For Sunnyvale

The Daly City Flyers defeated the Palo Alto Knights, 25-14, Sunday at Palo Alto.

The Flyers first score came on a 35-yard touchdown pass to Orrin Patrick from Phil Cuadra. Extra point was scored by Grand Thompson.

Palo Alto struck back when Knight Peter Chrupalo intercepted a Flyer pass and gave the Knights a good field position. Knight Kevin Holcomb ran 45 yards for a touchdown. Extra point was scored by Peter Chrupalo.

The Flyers scored in the second quarter on a 17-yard pass to Ottin Patrick from Phil Cuadra.

The PAT attempt failed. The third touchdown from the Flyers came in the third quarter on a quarter back sneak by Phil Cuadra.

In the fourth period, Knight Drew Nomellini intercepted a Flyers' pass for a Palo Alto touchdown. The PAT was good.

Then the Flyers' scored again on a 25-yard run by Robby Baptista.

Daly City defensive coach Frank Gallagher's defensive team in 10 games has allowed only an average of 6 points to a game to be scored against them.

The Flyers' fifth quarter team coached by McRobert Stewart, played their first full game against Palo Alto and lost 6-0. The fifth quarter team is made up of the boys who will be up next year.

These are the names to look for on next year's Flyer lineup. Backs: Dan Salvermine, Tony Weston, Steve Martin, Lonnie Brown and Jim Frates; Lineman: Steve Orloff, Wade McLaughlin, Bruce Howe, James Shish, Mark Phillips, Gary Comisky, Vic Arias, Dave Pacini, and Jim Murphy; Ends Terry Klabas, Jerome Garden, Larry Ohman and Jerry Post.

The Flyer's are winding up the season with a pancake breakfast at Jefferson High School Cafeteria Nov. 16 from 9 noon. Tickets are $1 for adults, 50 cents for children.

After the breakfast the Flyers will play their last game of the season against Sunnyvale on the Jefferson football field.

Ram 110's Nip Indians, Colts

Coach Byron Van Alstyne's 110's nipped the Jefferson Indians November 4, 31-25, and squeezed by the El Camino Colts, 34-31, November 6 on the Ram home court.

Leading the Westmoore scoring against the Indian lightweights were Jerry Mitchell with 18 points including two clutch free throws with 45 seconds left which broke the 29-9 tie. Also contributing to the come-from-behind win were guards Bob Fidler and Jerry Stoller with 9 and 5 points respectively.

Jefferson's 120's dumped the Westmoore 120's 54-40 to move into the lead for the NPL crown. The fast moving Jefferson team jumped into the lead early in the game with a 20-7 first quarter never to be threatened by the Rams.

Leading the Rams were Ted Grey with 17 points followed by Steve Peters who had 8.

Against the El Camino Colts November 4 the 110's were never more closely subjected to defeat. The quick scoring Colts were behind by 27 points in the fourth quarter when excellent ball handling closed the gap to three points, with only 1.49 remaining in the game.

Guiding the Ram 110's to victory were Bob Fidler and Louie Medrano with 8 points each, followed by Gregg Goegarkas with 7.

The Rams 120's ran away from the El Camino Colts by a score of 61-37. The 120's opened the game in the second quarter the game and the smart ball handling by Jim Wyatt who gathered 8 points and numerous rebounds.

Victory For Ram Harriers

In their last meet before the North Peninsula League finals, Westmoor coach Richard Connors' cross country teams swept both varsity and frosh-soph challenges stunning the harriers of both Half Moon Bay and Serramonte, November 5, at Westmoor.

Capturing first, second, third, and fourth for thd Ram's varsity were Ken Kiler, Joaquin Maria, Steve Mazza, and Dave Vasques, only to have Ram string broken by a Serramonte runner, who placed fifth and then the Rams then continued to place in the next six.

Westmoor Frosh, Soph Unit Wins

Westmoor's frosh-soph football team won their third league victory November 6, as they defeated the Half Moon Bay Cougars 22-1 on the Cougar gridiron.

Scoring all three of the Ram's touchdowns was their fullback, Ken Greene, as he helped his team immensely in compiling more than 240 yards in rushing.

The Ram Squad had a tough battle on their hands in the first half, and they had to come from behind to tie at 6-6 during halftime.

However in the third quarter Westmoor found a weakness in the Cougar's defense, off tackle and proceeded to pick at their weakness for 3 consecutive plays which were responsible for the two Ram tallies in the second half.

Ram coaches, Marc Mallinger and Harry Weidner, commended offensive stars, Tod Anthinian and Al Abbott, for their blocking and were also excited about the team leadership shown by quarterback Brad Kearns.

Defensively linebacker, Gary Sangrevasi and defensive end, Carlos Sandoval, turned in impressive performances.

Wins Ribbons

Laura Barrientos, swimming for the last time as a 12 year old at the last "B" meet of the season, managed to bring home an assortment of six ribbons for her efforts in Palo Alto events.

Burlingame Jails Daly City Laborer

A Daly City laborer was arrested in Burlingame Sunday morning on charges of burglary, petty theft, grand theft, possession of stolen property, and a traffic violation.

James R. Samson, 22, 588 Bellevue Avenue, Daly City, was arrested at 2:15 a.m. in the 900 block Bayshore Boulevard.

Police were called to the area by residents who reported a prowler around carports.

Arriving, they found Samson standing on the sidewalk with William H. Williams, 921 Bayshore. Williams pointed to Samson's station wagon and said the outboard boat engine half-way loaded into it belonged to another local resident, Harry Gerard, 925 Bayshore.

Police said the engine was identified as Gerard's, a baby seat and papers in Samson's station wagon were identified as being taken from the car of Kenneth T. Houston, 905 Bayshore, and an electric drill and radio were said to come from the car of Vickey Pustulka, 913 Bayshore.

Serramonte Students Will Assist Teachers

Serramonte High School, just as her older counterparts have for years, will have a number of its honor students assisting teachers in a nearby elementary school.

Arrangements for the high school students to perform as aides to teachers at Christopher Columbus School were made between the principals of the two schools, according to copies of correspondence.

A Jefferson High School District administrator, Dr. Harold Tonini, noted the Serramonte students will become teacher aides and emphasized that the approach is not new to the district.

"This has been done at other schools in the district for a number of years," Tonini explained.

Bob Abbey, the veteran Columbus principal, explained the program and talked of his discussions in a letter to Jefferson Elementary School District Superintendent Frank Greenwood.

A copy of the letter turned up in the Jeff High board of trustee package this week.

Abbey explained the program, as he hopes to impelment it, in this manner:

"The student aid to teacher program will begin with approximately 30 high school students who will be assigned to teachers, kindergarten through sixth grade. Each teacher in the program will be assigned from one to three students. The student and teacher through conferencing will jointly decide on subject areas, days and hours.

"Students will be assisting in the areas of language, arts, reading, math, science, art, music, physical education, library and office practice."

Abbey added, "The progress, objectives, achievement and problems will undergo a continuous evaluation by all persons concerned."

Columbus school has not joined in the use of high schoolers as aides in the past because there has not been a high school close enough, resulting in potential transportation and scheduling problems.

The program would give high school students who believe they want to become teachers an early opportunity to assess their potential, it was pointed out by Dr. Tonini.

"Other students who plan on becoming teachers may decide after working with children, teaching is not for them," Abbey declared.

Abbey said that late last September his teaching staff called "to my attention" that the new reading programs and language arts block, accompanied by the teaching of all other required subjects, "had created an unusually heavy workload" and "the task of physically and mentally getting around to meet the individual need of pupils was a most demanding (if not at times an ippossible) task."

Senior Citizens Visit S. Bruno Crestmoor High School

The "Geritol Set" went back to high school last week, and a 50-year generation gap was bridged with smiles on both sides.

The occasion was Senior Citizens Day at Crestmoor High School in San Bruno, on October 31. The enthusiastic guests of honor were the Millbrae Senior Citizens, and their equally enthusiastic hosts, the members of "Insights," a special sophomore English class.

The federally funded "Insights" program involves students in all phases of community life and all age groups. Last September, this involvement brought them to the Senior Citizens picnic, and last week the teen-agers took an opportunity to reciprocate.

The day began with an 11 a.m. luncheon prepared and served by Crestmoor homemaking students. After lunch, the guests and their young guides headed for the boys's gymnasium and a noisy football spirit rally. The older folks were good-natured about the unaccustomed noise and enjoyed the skits and the cheers, although one gentleman who calmly endured the yells confessed he simply turned off his hearing aid.

The rally was followed by a tour of the school, which included a drama class doing improvisations, a specially scheduled mini-concert in orchestra rehearsal, and a visit to a crafts class and auto shop.

Mrs. Louise Ebeling, administrative assistant to the superintendent of the San Mateo Union High School District, observed, "It was exciting to see people on both sides of the generation gap enjoying each other. The kids are really proud of their school and enjoy showing it off. I think this heralds the day when we will see senior citizens and kids under 20 sitting side by side in one classroom."

Commented anotner guest, "What impressed me most of all was the prevailing feeling in the classroom that learning can be fun, that these kids are really having a good time.

"Today was more than just a social and more than just a community effort on the part of the students. They not only utilized every skill thay learn in the classroom, they extended these skills into the human dimension — and that's what education should be all about."

The "Insights" class raised the money for Senior Citizens Day through two car washes and a bake sale.

S.S.F. Hawaiian Club Elects New Officers

A meeting of the South San Francisco Hawaiian Club was held recently at the home of Mr. and Mrs. Leonard Belaski.

Elected as president was Ray Rosa. He is also president of the Northern California Hawaiian Athletic Association.

Others elected were Mel Lopez, vice president; Nita Lopez, secretary; Jerry Tsukamoto, treasurer; Ruby Morris, social chairman; Frank Morris, sergeant-at-arms, and Paulette Anguay, historian.

The club has gone on two camping trips to Sonora and has hosted parties for the children. The women participate in volleyball tournaments and the men in softball, volleyball, and basketball leagues. Anyone born in Hawaii, now living in Northern California, who wishes to join this group may contact Rosa for information.
